	<u>(4.8)</u>	<u>11.2</u>	<u>48.8</u>	<u>80.1</u>

(iii) Exceptional items:

During the financial year, the Company and SIA Cargo accepted a settlement offer from the plaintiffs in the Canadian air cargo class actions to resolve all such actions on an agreed basis for an amount of CAD1.05 million (\$1.3 million). The settlement is without admission of any wrongdoing or liability and is subject to court approval.

A provision has also been made for the payment by the Company of an administrative penalty pursuant to a settlement agreement entered into with the South African Competition Commission. As part of the settlement, the Company has agreed to pay an administrative penalty of ZAR25 million (\$4.1 million) within 30 days of the settlement being confirmed by an order of the South African Competition Tribunal. The issuance of a confirmation order by the Competition Tribunal will bring a close to the Competition Commission's investigation of the Company.

During the previous financial year, the exceptional items comprised fines paid by SIA Cargo as imposed by the European Commission (\$135.7 million), the South Korean Fair Trade Commission (\$3.6 million) and the United States Department of Justice Antitrust Division (\$62.5 million).

SIA Cargo has filed appeals against the decisions made by the European Commission and the South Korean Fair Trade Commission. In the appeals, SIA Cargo contests any suggestion that it was involved in a global conspiracy to fix surcharges.

SIA Cargo accepted the plea offer made by the United States Department of Justice. The plea agreement brought the Department of Justice's air cargo investigations in the United States to a close for SIA Cargo.

The review must discuss any significant factors that affected the turnover, costs, and earnings of the group for the current financial period reported on, including (where applicable) seasonal or cyclical factors. It must also discuss any material factors that affected the cash flow, working capital, assets or liabilities of the group during the current financial period reported on.

GROUP FINANCIAL PERFORMANCE

Financial Year 2011-12

High fuel prices and an uncertain global economy weighed heavily on the Group's earnings in the 2011-12 financial year, pushing net profit down by \$756 million or 69% to \$336 million.

Against these challenges, Group revenue grew by \$333 million (+2%) to \$14,858 million, on the back of a 3.6% improvement in passenger carriage, partially offset by weaker yields.

Expenditure, however, rose at a faster pace. Jet fuel prices remained high throughout the year, resulting in a 32% spike year-on-year in average jet fuel prices to USD133 per barrel. This translated to a 29% (+\$1,314 million) increase in fuel cost before hedging, which contributed to the 10% (+\$1,318 million) rise in Group expenditure.

Consequently, the Group's operating profit fell \$985 million (-77%) to \$286 million.

The operating results of the main companies in the Group for the financial year are as follows:

- Parent Airline Company Operating profit of \$181 million (\$851 million profit in 2010-11)
- SIA Engineering Operating profit of \$130 million (\$136 million profit in 2010-11)
- SilkAir Operating profit of \$105 million (\$121 million profit in 2010-11)
- SIA Cargo Operating loss of \$119 million (\$151 million profit in 2010-11)

The operating profit of the Parent Airline Company fell \$670 million (-79%) principally on account of higher fuel expenditure (+\$1,134 million or 30%) and weaker yields. With strict cost discipline, unit cost excluding fuel was reduced by 7.5%.

Fourth Quarter 2011-12

Group revenue grew 3% (+\$118 million) to \$3,705 million, driven by an improvement in passenger carriage (+6.9%), partially offset by a drop in yields.

Group expenditure rose by 8% (+\$289 million) to \$3,710 million. Escalation of the events in the Middle East during the last quarter of the financial year pushed cost of fuel excluding hedging up by 15% (+\$193 million).

Consequently, the Group suffered an operating loss of \$5 million against a profit of \$166 million in the comparable quarter last year.

Including non-operating items and taxes, the Group net loss attributable to equity holders was \$38 million, arising mainly from a loss on disposal of the last B747-400 aircraft.

BALANCE SHEET REVIEW **(March 2012 vs March 2011)**

Equity attributable to owners of the Parent decreased by \$1,311 million or 9% to \$12,893 million as at 31 March 2012 due mainly to the payment of final and special dividends in respect of FY2010-11 (-\$1,439 million) and payment of interim dividends in respect of FY2011-12 (-\$118 million) from the general reserve, partially offset by profit for the financial year (+\$336 million).

Total Group assets decreased by \$2,502 million (-10%) to \$22,043 million primarily due to the decrease in cash and bank balances by \$2,732 million, arising mainly from the dividend payments and repayment of the \$900 million fixed rate note in December 2011.

Total Group liabilities decreased \$1,186 million or 12% to \$8,856 million as at 31 March 2012. This was mainly on account of repayment of the fixed rate note in December 2011 (-\$900 million), lower current tax payable (-\$196 million) and deferred taxation (-\$152 million).

9 Whether a forecast, or a prospect statement, has been previously disclosed to shareholders, any variance between it and the actual results.

Not applicable.

10 A commentary at the date of announcement of the competitive conditions of the industry in which the group operates and any known factors or events that may affect the group in the next reporting period and the next 12 months.

OUTLOOK

Advance bookings for the coming quarter are higher year-on-year, albeit off a low base from the post-Japanese earthquake period last year. Promotional activities necessitated by intense competition amongst airlines are expected to place downward pressure on passenger yields, especially in Europe and the United States where demand continues to be impacted by the anaemic economic outlook.

The recovery of air freight demand will be gradual, possibly only in the second half of the year. Cargo yields are likely to remain stagnant for the next quarter.

Fuel prices are expected to remain at high levels, which will adversely impact the Group's operating performance.

The Group will stay committed to maximising operating efficiency to ensure containment of costs. With a strong balance sheet, the Group is well positioned to meet the challenges ahead.

INDEPENDENT AUDITORS' REPORT

To the members of Singapore Airlines Limited

Report on the Financial Statements

We have audited the accompanying financial statements of Singapore Airlines Limited (the "Company") and its subsidiaries (the "Group") set out on pages 10 to 91, which comprise the statements of financial position of the Group and the Company as at 31 March 2012, the statements of changes in equity of the Group and the Company and the consolidated profit and loss account, consolidated statement of comprehensive income and consolidated statement of cash flows of the Group for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act, Chapter 50 ("the Act") and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair profit and loss accounts and balance sheets and to maintain accountability of assets.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards so as to give a true and fair view of the state of affairs of the Group and of the Company as at 31 March 2012 and of the results, changes in equity and cash flows of the Group and the changes in equity of the Company for the year ended on that date.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiaries incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.
