Dear Sir/Madam,

1. INTRODUCTION

1.1 **Proposed Rights Issue and Additional Issue.** On 26 March 2020, the Company announced that the Directors propose to carry out a renounceable Rights Issue to raise gross proceeds of approximately S\$8.8 billion, pursuant to which:

- (a) up to 1,777,692,486 Rights Shares will be offered at the Issue Price of the Rights Shares of S\$3.00 for each Rights Share, on the basis of three (3) Rights Shares for every two (2) existing Shares held by Entitled Shareholders (which, for the avoidance of doubt, excludes treasury Shares held by the Company and the Special Share held by the Minister for Finance (Incorporated)) as at the Record Date, fractional entitlements to be disregarded, to raise gross proceeds of approximately S\$5.3 billion; and
- (b) up to S\$3,496,128,555 in aggregate principal amount of Rights MCBs will be offered at the Issue Price of the Rights MCBs, in the denomination of S\$1.00 for each Rights MCB, on the basis of 295 Rights MCBs for every 100 existing Shares held by Entitled Shareholders (which, for the avoidance of doubt, excludes treasury Shares held by the Company and the Special Share held by the Minister for Finance (Incorporated)) as at the Record Date, fractional entitlements to be disregarded, to raise gross proceeds of approximately S\$3.5 billion.

The offer of the Rights Shares and the Rights MCBs under the Rights Issue will be made concurrently but capable of acceptance independently of each other.

A wholly-owned subsidiary of Temasek (namely, Tembusu) has given the Undertaking to the Company to, *inter alia*, procure Temasek to vote in favour of the resolutions to approve the Rights Issue and the Additional Issue, and subscribe for, or procure the subscription of, Temasek's *pro-rata* entitlement to the Rights Shares and the Rights MCBs under the Rights Issue. It has also undertaken to subscribe for, or procure the subscription of, any unsubscribed Rights Shares and Rights MCBs remaining after the fulfilment of valid applications by other Shareholders for the same under the terms of the Rights Issue.

Given the provision of the Undertaking, the Rights Issue will not be underwritten by a financial institution.

The Company has appointed DBS Bank Ltd. as the Sole Financial Adviser for the Rights Issue and DBS Bank Ltd. and Morgan Stanley Asia (Singapore) Pte. as Joint Lead Managers for the Rights Issue.

Subsequent to the Rights Issue, the Company may undertake a further issuance of up to approximately S\$6.2 billion in aggregate principal amount of Additional MCBs, the key terms of which are set out in Appendix 2 of this Circular, and to be offered by the Company to Shareholders on a *pro-rata* basis by way of one or more further rights issues at such future dates and times as may be determined by the Company at its sole discretion. The Company envisages that any such further Additional Issue will, if undertaken, take place prior to the Long Stop Date.

Please see paragraph 2 of this Circular for further information on the proposed Rights Issue and Additional Issue.

- 1.2 **Approval in-principle.** The Company also announced on 13 April 2020 that the SGX-ST had granted approval in-principle for the listing of and quotation for the Rights Shares, the Rights MCBs and the Rights MCB Conversion Shares on the Main Board of the SGX-ST, subject to certain conditions, the details of which are set out in paragraph 2.3 of this Circular. The Rights Shares, the Rights MCBs and/or the Rights MCB Conversion Shares (as the case may be) will be admitted to the Official List of the SGX-ST and official quotation is expected to commence after their issuance and after all relevant conditions imposed by the SGX-ST are satisfied, including a sufficient spread of holdings of the Rights MCBs to provide for an orderly market in the Rights MCBs, all certificates for the Rights Shares and the global bond certificate for the Rights MCBs have been issued and the notification letters from CDP have been despatched.

It should be noted that the Rights MCBs may not be listed and quoted on the SGX-ST in the event of an insufficient spread of holdings of the Rights MCBs to provide for an orderly market in the Rights MCBs. Accordingly, in such event, Rights MCB Holders will not be able to trade their Rights MCBs on the SGX-ST. However, the Rights MCBs may be traded over-the-counter on the Debt Securities Clearing and Settlement System and will be cleared through CDP. In addition, if the Rights MCBs are converted into Rights MCB Conversion Shares in accordance with its terms, such Rights MCB Conversion Shares will be listed and quoted on the Main Board of the SGX-ST.

The SGX-ST assumes no responsibility for the correctness or accuracy of any of the statements made, reports contained or opinions expressed in this Circular. Approval in-principle granted by the SGX-ST for the listing of and quotation for the Rights Shares, the Rights MCBs and the Rights MCB Conversion Shares on the Main Board of the SGX-ST is not to be taken as an indication of the merits of the Rights Issue, the Rights Shares, the Rights MCBs, the Rights MCB Conversion Shares, the Rights, the Company and/or its subsidiaries.

- 1.3 **EGM.** The purpose of this Circular is to provide Shareholders with information pertaining to, and to seek Shareholders' approval at the EGM for, the Rights Issue and the Additional Issue. Notice of the EGM is set out on pages 88 to 92 of this Circular. This Circular has been prepared solely for the purpose set out herein and may not be relied upon by any persons (other than Shareholders) nor for any other purpose.

2. PROPOSED RIGHTS ISSUE AND ADDITIONAL ISSUE

2.1 **Principal Terms.** The principal terms of the Rights Issue are summarised below.

Rights Shares

Basis of Provisional Allotment : The Rights Shares are proposed to be offered to Entitled Shareholders on a renounceable basis on the basis of three (3) Rights Shares for every two (2) existing Shares held by Entitled Shareholders (which, for the avoidance of doubt, excludes treasury Shares held by the Company and the Special Share held by the Minister for Finance (Incorporated)) as at the Record Date, fractional entitlements to be disregarded.

For the avoidance of doubt, a Shareholder is not required to hold a minimum of two (2) Shares as at the Record Date in order to be entitled to Rights Shares. For illustrative purposes, an Entitled Shareholder who holds less than two (2) Shares as at the Record Date will be offered one (1) Rights Share, after disregarding fractional entitlements.

Number of Rights Shares : Based on the issued share capital of the Company as at the Latest Practicable Date of 1,185,128,324 Shares (excluding treasury Shares held by the Company and the Special Share held by the Minister for Finance (Incorporated)), the Company will issue up to 1,777,692,486 Rights Shares.

Issue Price of the Rights Shares : S\$3.00 for each Rights Share. The Rights Shares are payable in full upon acceptance and/or application.

Discount : The Issue Price of the Rights Shares represents (a) a discount of approximately 53.8 per cent. to the last transacted price of the Shares on the Official List of the SGX-ST of S\$6.50 on 25 March 2020, being the last trading day on which trades were done on the Shares prior to the Announcement, and (b) a discount of approximately 31.8 per cent. to the TERP of S\$4.40 per Share.

The Issue Price of the Rights Shares and discount have been determined after taking into account precedent transactions, the transaction size and discussions with the Sole Financial Adviser.

Gross Proceeds from the issue of the Rights Shares : Approximately S\$5.3 billion.

Status of the Rights Shares : The Rights Shares will, upon allotment and issue, rank *pari passu* in all respects with the then existing Shares, except that they will not rank for any dividends, rights, allotments or other distributions the record date for which falls before the date of allotment and issue of the Rights Shares.

Listing and trading of the Rights Shares : On 11 April 2020, the SGX-ST granted approval in-principle for the listing of and quotation for the Rights Shares on the Main Board of the SGX-ST, subject to certain conditions, the details of which are set out in paragraph 2.3 of this Circular. The approval in-principle of the SGX-ST is not to be taken as an indication of the merits of the Rights Issue, the Rights Shares, the Rights, the Company and/or its subsidiaries.

Upon the listing of and quotation for the Rights Shares on the Main Board of the SGX-ST, the Rights Shares will be traded on the Main Board of the SGX-ST under the book-entry (scripless) settlement system. All dealings in and transactions (including transfers) in relation to the Rights Shares effected through the SGX-ST and/or CDP shall be made in accordance with CDP's "*Terms and Conditions for Operation of Securities Accounts with The Central Depository (Pte) Limited*", as the same may be amended from time to time, copies of which are available from CDP.

For the purposes of trading on the Main Board of the SGX-ST, each board lot of Shares will comprise 100 Shares. Shareholders who hold odd lots of Shares (that is, lots other than board lots of 100 Shares) are able to trade odd lots of Shares in board lots of one Share on the Unit Share Market. Shareholders who hold odd lots of Shares may have difficulty and/or have to bear disproportionate transaction costs in realising the fair market price of such Shares.

Rights MCBs

Basis of Provisional Allotment : The Rights MCBs are proposed to be offered to Entitled Shareholders on a renounceable basis and issued in the denomination of S\$1.00 for each Rights MCB, on the basis of 295 Rights MCBs for every 100 existing Shares held by Entitled Shareholders (which, for the avoidance of doubt, excludes treasury Shares held by the Company and the Special Share held by the Minister for Finance (Incorporated)) at the Record Date, fractional entitlements to be disregarded.

For the avoidance of doubt, a Shareholder is not required to hold a minimum of 100 Shares as at the Record Date in order to be entitled to Rights MCBs. For illustrative purposes, an Entitled Shareholder who holds one (1) Share as at the Record Date will be offered two (2) Rights MCBs, after disregarding fractional entitlements.

Size of the Rights MCBs	:	Up to S\$3,496,128,555 in aggregate principal amount of Rights MCBs.
Issue Price of the Rights MCBs	:	100 per cent. of the principal amount of the Rights MCBs or S\$1.00 for each S\$1.00 in principal amount of Rights MCBs.
Gross Proceeds from the issue of the Rights MCBs	:	Approximately S\$3.5 billion.
Maturity Date	:	The 10th anniversary of the date of issue of the Rights MCBs.
Coupon	:	Zero coupon.
Form and Denomination	:	The Rights MCBs will be issued in registered form and in the denomination of S\$1.00 each.
Status of the Rights MCBs	:	The Rights MCBs will constitute direct, unconditional, unsubordinated and unsecured obligations of the Issuer and shall at all times rank <i>pari passu</i> and without any preference or priority among themselves.
Mandatory Conversion at Maturity	:	Unless previously redeemed or purchased and cancelled, the Issuer shall satisfy its obligation to redeem the Rights MCBs on the Maturity Date by mandatorily converting the Rights MCBs into Rights MCB Conversion Shares on the Maturity Date (being the 10th anniversary of the date of issue of the Rights MCBs).

The number of Rights MCB Conversion Shares to be delivered to a Rights MCB Holder in respect of his holding of Rights MCBs will be determined by dividing the Final Accreted Principal Amount (as further described below) of the Rights MCBs held by such Rights MCB Holder as at the Maturity Date by the Conversion Price in effect at the Maturity Date.

Fractions of a Rights MCB Conversion Share will not be issued on conversion and no cash adjustments will be made in respect of such fractions of Rights MCB Conversion Shares.

For the avoidance of doubt, the Rights MCBs shall be convertible on the Maturity Date only and not at any time prior to the Maturity Date.

For so long as the Rights MCBs are represented by a global bond certificate deposited with CDP, save as provided below, a Rights MCB Holder does not need to submit a notice of conversion in order to receive the Rights MCB Conversion Shares to be delivered upon mandatory conversion of his Rights MCBs. However, if a Rights MCB Holder wishes for his Rights MCB Conversion Shares to be credited to a specified securities account (other than the securities account in which his Rights MCBs are held), he should submit a duly completed notice of conversion to the conversion agent before the Cut-Off Date (subject to the requirements of CDP). Furthermore, a Rights MCB Holder whose registered address is not in Singapore will have to submit a duly completed notice of conversion to the conversion agent as a precondition to delivery of Rights MCB Conversion Shares. If the Rights MCBs cease to be represented by a global bond certificate, a Rights MCB Holder must complete, execute and deposit by the Cut-Off Date a duly completed notice of conversion with the conversion agent as a precondition to delivery of Rights MCB Conversion Shares.

The Issuer shall, at least one month before the Cut-Off Date, give notice to the Rights MCB Holders of the Cut-Off Date and shall make such announcement of the Cut-Off Date as may be required under any applicable laws, regulations or rules of the SGX-ST.

Rights MCBs Conversion Price : The price at which the Rights MCB Conversion Shares shall be issued upon mandatory conversion based on the Final Accreted Principal Amount of the Rights MCBs (being equivalent to S\$1.80611 for each S\$1.00 in principal amount of Rights MCBs) shall initially be S\$4.84 per Share but shall be subject to adjustment in certain events in accordance with the Terms and Conditions (as further described in Appendix 1A of this Circular). The initial Conversion Price of S\$4.84 is at a premium of 10.0 per cent. to the TERP of S\$4.40 per Share.

For the avoidance of doubt, no further cash outlay will be required from the Rights MCB Holders for the conversion of the Rights MCBs into Rights MCB Conversion Shares.

**Adjustments to Rights
MCBs Conversion Price**

: The Conversion Price will be subject to adjustments under certain circumstances, as described below:

- (a) consolidation, subdivision, redesignation or reclassification in relation to the Shares which alters the number of Shares in issue;
- (b) capitalisation of profits or reserves;
- (c) capital distribution, dividends or Share repurchases (other than for purposes of any Employee Share Scheme). In this regard, **“Employee Share Scheme”** means any scheme of the Issuer pursuant to which Shares or other securities (including rights or options or awards) are issued, offered or granted to directors and employees or former directors or employees of the Issuer, its subsidiaries, associated companies and/or of the Issuer’s holding company or subsidiaries of such holding company.

To the extent that Shares are repurchased by the Issuer for purposes of delivery to participants under an Employee Share Scheme, such Shares would be earmarked by the Issuer and where applicable, the earmarking of such Shares will be disclosed in the notification to be provided by the Issuer to the SGX-ST in respect of the Issuer’s repurchases of Shares pursuant to Rule 886 of the Listing Manual;

- (d) rights issues of Shares or options over Shares at less than 90% of the market price;
- (e) rights issues of other securities;
- (f) issues of Shares or options over Shares at less than 90% of the market price;
- (g) issues of securities which carry rights of conversion into, or exchange or subscription for Shares at a consideration per Share at less than 90% of the market price;
- (h) modification of rights of conversion, exchange or subscription attaching to any other securities (other than, among other things, the Rights MCBs) issued and which are convertible into Shares such that the consideration per Share is less than 90% of the market price;

- (i) issue of securities in the context of an offer to Shareholders; and
- (j) in events or circumstances not otherwise provided in the Terms and Conditions, subject to, among others, the use by the Issuer of a leading independent investment bank of international repute (acting as expert) to determine if the adjustment is fair and reasonable, so as to restore the economic position of the Rights MCB Holders after the occurrence of such events or circumstances, to the same position as if the diluting effect of such events or circumstances had not occurred,

except that no adjustments will be made to the Conversion Price by virtue of, among other things, the issue of the Additional MCBs prior to the Long Stop Date or the issue of any Rights Shares.

A list of the events which would result in adjustments to the Conversion Price and the details of the adjustment formulae are set out in Appendix 1A of this Circular.

Rights MCB Conversion Shares : For illustrative purposes, assuming S\$3,496,128,555 in aggregate principal amount of Rights MCBs remain outstanding on the Maturity Date, based on the initial Conversion Price of S\$4.84 per Share, the number of Rights MCB Conversion Shares to be allotted and issued by the Issuer pursuant to the full conversion of all of the outstanding Rights MCBs based on their Final Accreted Principal Amount on the Maturity Date (as further described below), will be 1,304,626,600 Rights MCB Conversion Shares.

Redemption at the Option of the Issuer : The Rights MCBs may be redeemable at the option of the Issuer in whole or in part on every six-month anniversary of the issue date (each a “**Semi-Annual Date**”) at the relevant Accreted Principal Amount as at such Semi-Annual Date.

In the case of a partial redemption of Rights MCBs, the Rights MCBs will be redeemed on a *pro-rata* basis or selected by such other method in such place as the Trustee shall approve and in such manner as the Trustee shall deem to be appropriate and fair.

For the avoidance of doubt, the Rights MCBs are not redeemable at the option of a Rights MCB Holder.

Final Accreted Principal Amount on Maturity Date : Assuming that the Rights MCBs are not previously redeemed or purchased and cancelled and are converted on the Maturity Date, the Final Accreted Principal Amount in respect of each S\$1.00 in principal amount of Rights MCBs on the Maturity Date will be S\$1.80611.

The Final Accreted Principal Amount for conversion of the Rights MCB has been calculated on the basis of a 6% annual yield to conversion, compounded on a semi-annual basis.

Accreted Principal Amount on a Semi-Annual Date prior to the Maturity Date : Assuming that all or some of the Rights MCBs are redeemed on a Semi-Annual Date prior to the Maturity Date, the relevant Accreted Principal Amount in respect of each S\$1.00 in principal amount of Rights MCBs will be an amount equivalent to S\$1.00 in principal amount of Rights MCBs multiplied by the relevant redemption price in effect at such Semi-Annual Date.

The redemption price for each Semi-Annual Date as set out in Appendix 1 of this Circular has been calculated on the following basis:

- (a) where the redemption takes place on a Semi-Annual Date falling within the first four years of the date of issue of the Rights MCBs, an annual yield to call of 4% per annum applied to each year, compounded on a semi-annual basis. By way of illustration, assuming a Rights MCB in the principal amount of S\$1.00 is redeemed on the eighth Semi-Annual Date (i.e. at the end of the period falling four years from the date of issue of the Rights MCBs), the redemption price of that Rights MCB will be calculated on the basis of the principal amount of the Rights MCB multiplied by the accretion factor of 117.166% (i.e. the redemption amount would be S\$1.17166);
- (b) where the redemption takes place on a Semi-Annual Date falling within the fifth to seventh years of the date of issue of the Rights MCBs, an annual yield to call of 5% per annum applied to each year commencing from the date of issue of the Rights MCBs, compounded on a semi-annual basis. By way of illustration, assuming a Rights MCB in the principal amount of S\$1.00 is redeemed on the 14th Semi-Annual Date (i.e. at the end of the period falling seven years from the date of issue of the Rights MCBs), the redemption price of that Rights MCB will be calculated on the basis of the principal amount of the Rights MCB to be redeemed multiplied by the accretion factor of 141.297% (i.e. the redemption amount would be S\$1.41297); and

- (c) where the redemption takes place on a Semi-Annual Date (prior to the Maturity Date) falling within the eighth to tenth years of the date of issue of the Rights MCBs, an annual yield to call of 6% per annum applied to each year commencing from the date of issue of the Rights MCBs, compounded on a semi-annual basis. By way of illustration, assuming a Rights MCB in the principal amount of S\$1.00 is redeemed on the 19th Semi-Annual Date (i.e. being the Semi-Annual Date immediately prior to the Maturity Date), the redemption price of that Rights MCB will be calculated on the basis of the principal amount of the Rights MCB to be redeemed multiplied by the accretion factor of 175.351% (i.e. the redemption amount would be S\$1.75351).

Please refer to Appendix 1 of this Circular for further details on the redemption price.

Events of Default

- : The Terms and Conditions will provide for Events of Default which are generally in line with the Issuer's S\$2,000,000,000 Medium Term Bond Programme, except for (a) amendments to clarify that the cessation of, or a decision to cease, all or a material part of the Issuer's business or operations will not constitute an Event of Default if it arises from the disruption and other business stoppages affecting the Issuer and its subsidiaries as a consequence of the COVID-19 pandemic (as further described below); (b) an increase in the cross default threshold to S\$100,000,000; and (c) including as an Event of Default the failure to deliver Rights MCB Conversion Shares.

In particular, it would be an Event of Default if, among other things, the Issuer ceases or makes a decision to cease to carry on all or a material part of its business or operations (other than a cessation of business or operations arising as a result of the COVID-19 Aviation Sector Disruption (as defined below)), or an order is made or an effective resolution is passed for the winding-up or dissolution of the Issuer or for the judicial management of the Issuer, in each case, except for the purpose of and followed by a reconstruction, amalgamation, re-organisation, merger or consolidation on terms approved by the Trustee or by an extraordinary resolution of the Rights MCB Holders.

“COVID-19 Aviation Sector Disruption” means the disruption and other business stoppages affecting the Issuer and its subsidiaries as a consequence of the COVID-19 pandemic.

If an Event of Default has occurred and is continuing, the Trustee at its discretion may, and if so requested in writing by the holders of not less than 30 per cent. in principal amount of the Rights MCBs then outstanding or if so directed by an extraordinary resolution of the Rights MCB Holders shall (subject to its rights under the Trust Deed to be indemnified and/or secured and/or prefunded to its satisfaction by the Rights MCB Holders), give notice to the Issuer that the Rights MCBs are, and they shall accordingly thereby become, immediately due and repayable at the prevailing Accreted Principal Amount as at such date.

Modification for the benefit of the Rights MCB Holders

: Any material modification to the terms of the Rights MCBs which is for the benefit of the Rights MCB Holders but is materially prejudicial to the interests of the Shareholders shall not be effected without the prior approval of the Shareholders at a general meeting of the Shareholders, unless such modification is made pursuant to the terms of the Rights MCBs.

Listing

: On 11 April 2020, the SGX-ST granted approval in-principle for the listing of and quotation for the Rights MCBs and the Rights MCB Conversion Shares on the Main Board of the SGX-ST, subject to certain conditions, the details of which are set out in paragraph 2.3 of this Circular. The approval in-principle of the SGX-ST is not to be taken as an indication of the merits of the Rights Issue, the Rights MCBs, the Rights MCB Conversion Shares, the Rights, the Company and/or its subsidiaries.

It should be noted that the Rights MCBs may not be listed and quoted on the SGX-ST in the event of an insufficient spread of holdings of the Rights MCBs to provide for an orderly market in the Rights MCBs. Accordingly, in such event, Rights MCB Holders will not be able to trade their Rights MCBs on the SGX-ST. However, the Rights MCBs may be traded over-the-counter on the Debt Securities Clearing and Settlement System and will be cleared through CDP. In addition, if the Rights MCBs are converted into Rights MCB Conversion Shares in accordance with its terms, such Rights MCB Conversion Shares will be listed and quoted on the Main Board of the SGX-ST.

Trading

: Upon the listing of and quotation for the Rights MCBs and Rights MCB Conversion Shares on the Main Board of the SGX-ST, the Rights MCBs and Rights MCB Conversion Shares, when issued, will be traded on the Main Board of the SGX-ST under the book-entry (scripless) settlement system. The Rights MCBs may also be traded over-the-counter on the Debt Securities Clearing and Settlement System. All dealings in and transactions (including transfers) in relation to the Rights MCBs and Rights MCB Conversion Shares effected through the SGX-ST and/or CDP shall be made in accordance with CDP's "*Terms and Conditions for Operation of Securities Accounts with The Central Depository (Pte) Limited*", copies of which are available from CDP, and in the case of the Rights MCBs, additionally, the Depository Agreement, as the same may be amended from time to time.

It should be noted that the Rights MCBs may not be listed and quoted on the SGX-ST in the event of an insufficient spread of holdings of the Rights MCBs to provide for an orderly market in the Rights MCBs. Accordingly, in such event, Rights MCB Holders will not be able to trade their Rights MCBs on the SGX-ST. However, the Rights MCBs may be traded over-the-counter on the Debt Securities Clearing and Settlement System and will be cleared through CDP. In addition, if the Rights MCBs are converted into Rights MCB Conversion Shares in accordance with its terms, such Rights MCB Conversion Shares will be listed and quoted on the Main Board of the SGX-ST.

The Rights MCBs will be traded on the Main Board of the SGX-ST in board lots of 100 Rights MCBs with a principal amount of S\$100. Rights MCB Holders who hold odd lots of Rights MCBs (that is, lots other than board lots of 100 Rights MCBs with a principal amount of S\$100) and who wish to trade in odd lots on the SGX-ST are able to trade odd lots of Rights MCBs in board lots of one Rights MCB with a principal amount of S\$1.00 on the Unit Share Market.

In the case of the Rights MCB Conversion Shares, for the purposes of trading on the Main Board of the SGX-ST, each board lot of Shares will comprise 100 Shares. Shareholders who hold odd lots of Shares (that is, lots other than board lots of 100 Shares) are able to trade odd lots of Shares in board lots of one Share on the Unit Share Market.

Rights MCB Holders or, as the case may be, Shareholders who hold odd lots of Rights MCBs or, as the case may be, Shares may have difficulty and/or have to bear disproportionate transaction costs in realising the fair market price of such Rights MCBs or, as the case may be, Shares.

Clearing and Settlement : The Rights MCBs will be represented by a global bond certificate registered in the name of CDP, and deposited with CDP. Except in the limited circumstances described in the provisions of the global bond certificate, owners of interests in Rights MCBs represented by the global bond certificate will not be entitled to receive definitive bond certificates in respect of their individual holdings of Rights MCBs. Rights MCBs which are represented by the global bond certificate will be transferable only in accordance with the rules and procedures for the time being of CDP.

Please refer to Appendices 1 and 1A of this Circular for additional details on the Rights MCBs.

Other Principal Terms of the Rights Issue

Use of proceeds : The Company intends to utilise the net proceeds from the Rights Issue, after deduction of the expenses incurred in connection with the Rights Issue, for operating cashflow, capital expenditure and other fixed commitments or to repay any bridge financing facilities for these purposes.

Estimated net proceeds : The total estimated net proceeds from the Rights Issue (after deducting estimated expenses incurred in connection with the Rights Issue of approximately S\$10.0 million) are expected to be approximately S\$8.8 billion.

Eligibility to participate in the Rights Issue : As there may be prohibitions or restrictions against the offering of Rights Shares, Rights MCBs and Rights MCB Conversion Shares in certain jurisdictions, only Entitled Shareholders are eligible to participate in the Rights Issue. Please see Appendix 3 of this Circular for details on the eligibility of Shareholders to participate in the Rights Issue.

Acceptance, excess application and payment : The offer of the Rights Shares and the Rights MCBs under the Rights Issue will be made concurrently but capable of acceptance independently of each other.

Entitled Shareholders will be at liberty to accept, decline or renounce their Rights and will be eligible to apply for additional Rights Shares or, as the case may be, additional Rights MCBs in excess of their provisional allotments under the Rights Issue. Entitled Depositors will also be able to trade their Rights on the SGX-ST during the Rights trading period prescribed by the SGX-ST.

Fractional entitlements to the Rights Shares or, as the case may be, the Rights MCBs will be aggregated and used with provisional allotments which are not taken up or allotted for any reason to satisfy excess applications for Rights Shares or, as the case may be, Rights MCBs (if any) or disposed of or otherwise dealt with in such manner as the Directors may, in their absolute discretion, deem fit for the benefit of the Company.

In the allotment of excess Rights Shares or, as the case may be, Rights MCBs, preference will be given to Shareholders for the rounding of odd lots, and Directors and Substantial Shareholders who have control or influence over the Company in connection with the day-to-day affairs of the Company or the terms of the Rights Issue, or have representation (direct or through a nominee) on the Board of Directors will rank last in priority for rounding of odd lots and allotment of excess Rights Shares or, as the case may be, excess Rights MCBs.

The procedures for, and the terms and conditions applicable to, acceptances, renunciation and/or sales of the Rights and for the applications for excess Rights Shares or, as the case may be, excess Rights MCBs, including the different modes of acceptance or application and payment, will be set out in the Offer Information Statement.

Use of CPF Funds

: CPFIS Members can only use, subject to applicable CPF rules and regulations, monies standing to the credit of their respective CPF Investment Accounts to pay for the acceptance of their Rights Shares and (if applicable) application for excess Rights Shares.

Such CPFIS Members who wish to accept their Rights Shares and (if applicable) apply for excess Rights Shares using their CPF Funds must have sufficient funds in their CPF Investment Accounts and will need to instruct their respective approved CPF agent banks with whom they hold their CPF Investment Accounts, to accept the Rights Shares and (if applicable) apply for excess Rights Shares on their behalf in accordance with the terms and conditions of the Offer Information Statement. In the case of insufficient CPF Funds or stock limit, CPFIS Members could top-up cash into their CPF Investment Accounts before instructing their respective approved CPF agent banks to accept their Rights Shares and (if applicable) apply for excess Rights Shares on their behalf.

CPF Funds cannot, however, be used for the purchase of provisional allotments of Rights Shares directly from the market.

The Rights MCBs are not eligible for inclusion under the CPFIS. Accordingly, CPF Funds **CANNOT** be used to pay for the acceptance of Rights MCBs, (if applicable) application for excess Rights MCBs or to purchase provisional allotments of Rights MCBs from the market.

CPFIS Members who have previously bought their Shares using CPF Funds and wish to accept their Rights MCBs and (if applicable) apply for excess Rights MCBs will need to instruct their respective approved CPF agent banks with whom they hold their CPF Investment Accounts, to accept the Rights MCBs and (if applicable) apply for excess Rights MCBs on their behalf using cash and in accordance with the terms and conditions of the Offer Information Statement. In this regard, the Rights MCBs will not be held through the CPF Investment Account.

Use of SRS Funds

: SRS Investors must use, subject to applicable SRS rules and regulations, monies standing to the credit of their respective SRS accounts to pay for the acceptance of their Rights Shares and/or Rights MCBs and (if applicable) application for excess Rights Shares and/or excess Rights MCBs.

Such investors who wish to accept their Rights Shares and/or Rights MCBs and (if applicable) apply for excess Rights Shares and/or excess Rights MCBs using SRS monies, must instruct the relevant SRS Approved Banks in which they hold their SRS accounts to accept their Rights Shares and/or Rights MCBs and (if applicable) apply for excess Rights Shares and/or excess Rights MCBs on their behalf in accordance with the terms and conditions of the Offer Information Statement.

Such investors who have insufficient funds in their SRS accounts may, subject to the SRS contribution cap, deposit cash into their SRS accounts with their respective SRS Approved Banks before instructing their respective SRS Approved Banks to accept their Rights Shares and/or Rights MCBs and (if applicable) apply for excess Rights Shares and/or excess Rights MCBs on their behalf.

SRS monies may not, however, be used for the purchase of the provisional allotments of Rights Shares and/or Rights MCBs directly from the market.

Undertaking : Please refer to paragraph 4 of this Circular for details of the terms of the Undertaking.

The approval in-principle of the SGX-ST is not to be taken as an indication of the merits of the Rights Issue, the Rights Shares, the Rights MCBs, the Rights MCB Conversion Shares, the Company and/or its subsidiaries.

2.4 **Notification under Section 309B of the SFA.** The provisional allotments of Rights Shares and Rights MCBs, the Rights Shares, the Rights MCBs and the Rights MCB Conversion Shares (including further Rights MCB Conversion Shares arising from any adjustments made to the Conversion Price of the Rights MCBs as set out in the terms and conditions of the Rights MCBs) are prescribed capital markets products (as defined in the Securities and Futures (Capital Markets Products) Regulations 2018) and Excluded Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

2.5 **Additional Issue.** Subsequent to the Rights Issue, the Company may undertake a further issuance of up to approximately S\$6.2 billion in aggregate principal amount of Additional MCBs, the key terms of which are set out in Appendix 2 of this Circular, and to be offered by the Company to Shareholders on a *pro-rata* basis by way of one or more further rights issues at such future dates and times as may be determined by the Company at its sole discretion. At the time of each of such further rights issues, an application will be made to the SGX-ST for permission to deal in and for the listing of and quotation for the Additional MCBs and the Additional MCB Conversion Shares on the Main Board of the SGX-ST.

The Company envisages that any such further Additional Issue will, if undertaken, take place prior to the Long Stop Date. If the Additional Issue Resolution is approved at the EGM, such authority will expire at the next annual general meeting of the Company (“AGM”) or at the date by which the Company is required to hold the AGM (whichever is the earlier) (the “Expiry Date”). In the event that the Company wishes to undertake the Additional Issue after the Expiry Date, the Company will seek Shareholders’ approval to renew the authority in respect of the Additional Issue at its forthcoming AGM, on the same terms as the Additional Issue Resolution. A wholly-owned subsidiary of Temasek (namely, Tembusu), has undertaken to the Company to procure that Temasek vote in favour of the resolution relating to such renewal, subject to such authority expiring on, *inter alia*, the Long Stop Date.

The Additional MCBs will be convertible into Additional MCB Conversion Shares, which when issued and delivered will rank *pari passu* with the existing Shares at such relevant times, save for any dividends, rights, allotments or other distributions, the record date for which falls before the date of registration of the Additional MCB Conversion Shares. The initial conversion price of the Additional MCBs will be the prevailing Conversion Price of the Rights MCBs at the time of issue of the Additional MCBs (but including any adjustments below the specified threshold which have not been taken into account under the Terms and Conditions), but shall be subject to adjustments in accordance with the terms and conditions of the Additional MCBs. Please refer to Appendix 2 of this Circular for additional details on the Additional MCBs.

For illustrative purposes, assuming S\$6.2 billion in aggregate principal amount of Additional MCBs are issued on the same date as the Rights MCBs and such Additional MCBs remain outstanding on the Maturity Date and are converted at a conversion price of S\$4.84 per Share, the number of Additional MCB Conversion Shares to be allotted and issued by the Company pursuant to the full conversion of all of the outstanding Additional MCBs based on their Final Accreted Principal Amount on the Maturity Date will be 2,299,680,786 Additional MCB Conversion Shares. For the avoidance of doubt, the actual date of issue of the Additional MCBs can only be determined if and when an Additional Issue is undertaken and the date of issue of the Additional MCBs would invariably be after the issue date of the Rights MCBs.

3. RATIONALE OF THE RIGHTS ISSUE AND THE ADDITIONAL ISSUE AND USE OF PROCEEDS

- 3.1 **Rationale and Purposes of the Rights Issue and the Additional Issue.** The COVID-19 pandemic has led to a global collapse in the demand for air travel and resulted in a significant decline in the Group’s passenger revenues from February 2020. Without a domestic segment, the airlines operated by the Group are more vulnerable when governments increasingly restrict the free movement of people across national borders, or ban air travel altogether. As announced by the Company on 17 and 23 March 2020, the Company is actively taking steps to contain its costs by making significant cuts to capacity, grounding 128 of its 147 aircraft, while its subsidiary, Scoot, grounded 47 of its 49 aircraft. Salary cuts have been taken by management, and the Directors have agreed to cut their fees. The Company also said it was taking steps to build up its liquidity. The Rights Issue, as well as any proposed issue of the Additional MCBs, are crucial components of such measures to build up its liquidity. The issue of the Rights Shares and the Rights MCBs and any future issue of the Additional MCBs, which will be treated as equity in the balance sheet of the Company, will strengthen the Company’s balance sheet and liquidity position. The proceeds from the Rights Issue will enable the Company to meet its ongoing financial commitments, weathering the severe disruption to global air travel caused by the COVID-19 pandemic. The availability of a further S\$6.2 billion in funding pursuant to the issue (if any) of the Additional MCBs will also provide the Company with the resources, from a position of strength, to capitalise on any opportunities that may arise following the abatement of the

COVID-19 pandemic, and position the Company for growth as soon as the ongoing crisis resolves. The Rights Issue will also provide Shareholders with an opportunity to maintain their equity participation in the Company.

- 3.2 **Use of Proceeds.** Taking into consideration the Undertaking, the total estimated net proceeds from the Rights Issue (after deducting estimated expenses incurred in connection with the Rights Issue of approximately S\$10.0 million) are expected to be approximately S\$8.8 billion.

The Company intends to utilise the net proceeds from the Rights Issue for the following purposes or to repay any bridge financing facilities for these purposes:

Purpose	Amount	Percentage of Proceeds	Use of Proceeds
Operating cashflow	S\$3.7 billion	42%	To fund fixed costs and other operating expenses incurred during this period of reduced operations and the subsequent recovery period
Capital expenditure	S\$3.3 billion	38%	To be used for aircraft purchases and aircraft related payments
Other fixed commitments	S\$1.8 billion	20%	To be used for debt service and other contractual payments
Total	S\$8.8 billion	100%	

The Company is of the view that the net proceeds raised from the Rights Issue will be sufficient to meet the Company's present funding requirements and to enable the Company to meet its obligations and continue to operate as a going concern.

Pending the deployment of the proceeds from the Rights Issue, the proceeds may be deposited with banks and/or financial institutions as the Directors may deem appropriate in the interests of the Group.

The Company will make periodic announcements on the utilisation of the proceeds from the Rights Issue, as the funds from the Rights Issue are materially disbursed and provide a status report on the use of the proceeds from the Rights Issue in the Company's annual report.

4. IRREVOCABLE UNDERTAKING

- 4.1 As at the Latest Practicable Date, Temasek, the majority shareholder of the Company, holds directly 657,306,600 Shares, representing approximately 55.46 per cent. of the existing issued share capital of the Company (excluding treasury Shares held by the Company and the Special Share held by the Minister for Finance (Incorporated)).
- 4.2 A wholly-owned subsidiary of Temasek (namely, Tembusu) has given the Undertaking to the Company to, *inter alia*, procure Temasek to vote in favour of the resolutions to approve the Rights Issue and the Additional Issue, and subscribe for, or procure the subscription of, (a) Temasek's *pro-rata* entitlement to the Rights Shares and the Rights MCBs under the Rights Issue; and (b) Temasek's *pro-rata* entitlement to Additional MCBs in any future

Additional Issues undertaken prior to the Long Stop Date. It has also undertaken to subscribe for, or procure the subscription of, any unsubscribed Rights Shares and Rights MCBs and, if applicable, any unsubscribed Additional MCBs, remaining after the fulfilment of valid applications by other Shareholders for the same under the terms of the Rights Issue and in any future Additional Issues undertaken prior to the Long Stop Date (“**Temasek Balance Applications**”). Such Temasek Balance Applications shall rank in priority after allocations of excess Rights Shares, excess Rights MCBs and excess Additional MCBs to other Shareholders. No fees will be paid to Temasek or Tembusu in connection with the Undertaking. The aggregate subscription amount payable by the subscribing entity(ies) for Rights Shares, Rights MCBs and Additional MCBs pursuant to the Undertaking shall not exceed S\$15.0 billion (being up to approximately S\$5.3 billion in respect of the Rights Shares and up to an aggregate of approximately S\$9.7 billion in respect of the Rights MCBs and Additional MCBs). The Undertaking will expire on, *inter alia*, the Long Stop Date. Accordingly, any Additional Issues undertaken after the Long Stop Date will not be covered by the Undertaking.

4.3 Given the Undertaking, the Rights Issue and any future Additional Issues undertaken prior to the Long Stop Date will not be underwritten by a financial institution.

4.4 As Temasek holds more than 50 per cent. of the issued share capital of the Company, the obligations under the Undertaking will not trigger an obligation under the Singapore Code on Take-overs and Mergers to make a general offer for the Shares of the Company.

5. STATEMENT BY THE BOARD

The Board is of the opinion that after taking into consideration the Group’s present bank facilities, the working capital available to the Group is sufficient to meet its present requirements. Notwithstanding the present sufficiency of working capital, the Directors are of the opinion that the Rights Issue will strengthen the financial position and capital base of the Group. The Rights Issue will also provide Shareholders with an opportunity to maintain their equity participation in the Company. For the reasons outlined in paragraph 3.1 of this Circular, the Board believes the Rights Issue is in the interest of the Group.

6. FINANCIAL EFFECTS OF THE RIGHTS ISSUE AND THE ADDITIONAL ISSUE

6.1 The pro forma financial effects of the Rights Issue and the Additional Issue as presented herein:

(a) are for illustrative purposes only and do not purport to be indicative or a projection of the results and financial position of the Group immediately after the completion of the Rights Issue and the Additional Issue;

(b) are based on the audited consolidated financial statements of the Group for FY2018/2019;

(c) assume that the Rights Shares, the Rights MCBs, the Rights MCB Conversion Shares, the Additional MCBs or, as the case may be, the Additional MCB Conversion Shares had been issued, in respect of profit and loss statement on 1 April 2018, and in respect of balance sheet on 31 March 2019;

(d) assume, for illustrative purposes only, that:

(i) 1,777,692,486 Rights Shares are allotted and issued, and S\$3,496,128,555 principal amount of Rights MCBs are created and issued, under the Rights Issue;

- (ii) 1,304,626,600 Rights MCB Conversion Shares are allotted and issued upon conversion of all the Rights MCBs;
 - (iii) up to S\$6.2 billion principal amount of Additional MCBs are created and issued pursuant to the Additional Issue on the same date as the Rights MCBs. For the avoidance of doubt, the actual date of issue of the Additional MCBs can only be determined if and when an Additional Issue is undertaken and the date of issue of the Additional MCBs would invariably be after the issue date of the Rights MCBs; and
 - (iv) 2,299,680,786 Additional MCB Conversion Shares are allotted and issued upon conversion of all the Additional MCBs; and
- (e) do not take into account any theoretical ex-rights adjustment factor.

- (c) capital distribution, dividends or Share repurchases (other than for purposes of any Employee Share Scheme). In this regard, “**Employee Share Scheme**” means any scheme of the Issuer pursuant to which Shares or other securities (including rights or options or awards) are issued, offered or granted to directors and employees or former directors or employees of the Issuer, its subsidiaries, associated companies and/or of the Issuer’s holding company or subsidiaries of such holding company.

To the extent that Shares are repurchased by the Issuer for purposes of delivery to participants under an Employee Share Scheme, such Shares would be earmarked by the Issuer and where applicable, the earmarking of such Shares will be disclosed in the notification to be provided by the Issuer to the SGX-ST in respect of the Issuer’s repurchases of Shares pursuant to Rule 886 of the Listing Manual;

- (d) rights issues of Shares or options over Shares at less than 90% of the market price;
- (e) rights issues of other securities;
- (f) issues of Shares or options over Shares at less than 90% of the market price;
- (g) issues of securities which carry rights of conversion into, or exchange or subscription for Shares at a consideration per Share at less than 90% of the market price;
- (h) modification of rights of conversion, exchange or subscription attaching to any other securities (other than, among other things, the Rights MCBs) issued and which are convertible into Shares such that the consideration per Share is less than 90% of the market price;
- (i) issue of securities in the context of an offer to Shareholders; and

- (j) in events or circumstances not otherwise provided in the Terms and Conditions, subject to, among others, the use by the Issuer of a leading independent investment bank of international repute (acting as expert) to determine if the adjustment is fair and reasonable, so as to restore the economic position of the Rights MCB Holders after the occurrence of such events or circumstances, to the same position as if the diluting effect of such events or circumstances had not occurred,

except that no adjustments will be made to the Conversion Price by virtue of, among other things, the issue of the Additional MCBs prior to the Long Stop Date or the issue of any Rights Shares.

A list of the events which would result in adjustments to the Conversion Price and the details of the adjustment formulae are set out in Appendix 1A of this Circular.

For the avoidance of doubt, no further cash outlay will be required from the Rights MCB Holders for the conversion of the Rights MCBs into Rights MCB Conversion Shares.

Initial Conversion Premium : 10% above S\$4.40, being the TERP

Mandatory Conversion at Maturity : Unless previously redeemed or purchased and cancelled, the Issuer shall satisfy its obligation to redeem the Rights MCBs on the Maturity Date by mandatorily converting the Rights MCBs into Rights MCB Conversion Shares on the Maturity Date.

The number of Rights MCB Conversion Shares to be delivered to a Rights MCB Holder in respect of his holding of Rights MCBs will be determined by dividing the Final Accreted Principal Amount of the Rights MCBs held by such Rights MCB Holder as at the Maturity Date by the Conversion Price in effect at the Maturity Date.

Fractions of a Rights MCB Conversion Share will not be issued on conversion and no cash adjustments will be made in respect of such fractions of Rights MCB Conversion Shares.

For the avoidance of doubt, the Rights MCBs shall be convertible on the Maturity Date only and not at any time prior to the Maturity Date.

For so long as the Rights MCBs are represented by a global bond certificate deposited with CDP, save as provided below, a Rights MCB Holder does not need to submit a notice of conversion in order to receive the Rights MCB Conversion Shares to be delivered upon mandatory conversion of his Rights MCBs. However, if a Rights MCB Holder wishes for his Rights MCB Conversion Shares to be credited to a specified securities account (other than the securities account in which his Rights MCBs are held), he should submit a duly completed notice of conversion to the conversion agent before the Cut-Off Date (subject to the requirements of CDP). Furthermore, a Rights MCB Holder whose registered address is not in Singapore will have to submit a duly completed notice of conversion to the conversion agent as a precondition to delivery of Rights MCB Conversion Shares. If the Rights MCBs cease to be represented by a global bond certificate, a Rights MCB Holder must complete, execute and deposit by the Cut-Off Date a duly completed notice of conversion with the conversion agent as a precondition to delivery of Rights MCB Conversion Shares.

The Issuer shall, at least one month before the Cut-Off Date, give notice to the Rights MCB Holders of the Cut-Off Date and shall make such announcement of the Cut-Off Date as may be required under any applicable laws, regulations or rules of the SGX-ST.

Rights MCB Conversion Shares : The Shares to be delivered following mandatory conversion on the Maturity Date will be delivered fully paid, ranking *pari passu* in all respects with the then existing Shares, save for any dividends, rights, allotments or other distributions, the record date for which falls before the date of registration of the Shares.

Redemption at the Option of the Issuer : The Rights MCBs may be redeemable at the option of the Issuer in whole or in part on every Semi-Annual Date at the relevant Accreted Principal Amount as at such Semi-Annual Date.

In the case of a partial redemption of Rights MCBs, the Rights MCBs will be redeemed on a *pro-rata* basis or selected by such other method in such place as the Trustee shall approve and in such manner as the Trustee shall deem to be appropriate and fair.

For the avoidance of doubt, the Rights MCBs are not redeemable at the option of a Rights MCB Holder.

Final Accreted Principal Amount on Maturity Date : Assuming that the Rights MCBs are not previously redeemed or purchased and cancelled and are converted on the Maturity Date, the Final Accreted Principal Amount in respect of each S\$1.00 in principal amount of Rights MCBs on the Maturity Date will be S\$1.80611.

The Final Accreted Principal Amount for conversion of the Rights MCB has been calculated on the basis of a 6% annual yield to conversion, compounded on a semi-annual basis.

Accreted Principal Amount on a Semi-Annual Date prior to the Maturity Date : Assuming that all or some of the Rights MCBs are redeemed on a Semi-Annual Date prior to the Maturity Date, the relevant Accreted Principal Amount in respect of each S\$1.00 in principal amount of Rights MCBs will be an amount equivalent to S\$1.00 in principal amount of Rights MCBs multiplied by the relevant redemption price in effect at such Semi-Annual Date.

The redemption price set out below has been calculated on the following basis:

- (a) where the redemption takes place on a Semi-Annual Date falling within the first four years of the date of issue of the Rights MCBs, an annual yield to call of 4% per annum applied to each year, compounded on a semi-annual basis. By way of illustration, assuming a Rights MCB in the principal amount of S\$1.00 is redeemed on the eighth Semi-Annual Date (i.e. at the end of the period falling four years from the date of issue of the Rights MCBs), the redemption price of that Rights MCB will be calculated on the basis of the principal amount of the Rights MCB to be redeemed multiplied by the accretion factor of 117.166% (i.e. the redemption amount would be S\$1.17166);
- (b) where the redemption takes place on a Semi-Annual Date falling within the fifth to seventh years of the date of issue of the Rights MCBs, an annual yield to call of 5% per annum applied to each year commencing from the date of issue of the Rights MCBs, compounded on a semi-annual basis. By way of illustration, assuming a Rights MCB in the principal amount of S\$1.00 is redeemed on the 14th Semi-Annual Date (i.e. at the end of the period falling seven years from the date of issue of the Rights MCBs), the redemption price of that Rights MCB will be calculated on the basis of the principal amount of the Rights MCB to be redeemed multiplied by the accretion factor of 141.297% (i.e. the redemption amount would be S\$1.41297); and

- (c) where the redemption takes place on a Semi-Annual Date (prior to the Maturity Date) falling within the eighth to tenth years of the date of issue of the Rights MCBs, an annual yield to call of 6% per annum applied to each year commencing from the date of issue of the Rights MCBs, compounded on a semi-annual basis. By way of illustration, assuming a Rights MCB in the principal amount of S\$1.00 is redeemed on the 19th Semi-Annual Date (i.e. being the Semi-Annual Date immediately prior to the Maturity Date), the redemption price of that Rights MCB will be calculated on the basis of the principal amount of the Rights MCB to be redeemed multiplied by the accretion factor of 175.351% (i.e. the redemption amount would be S\$1.75351).

Accreted Principal Amount upon the Rights MCBs becoming due and payable as a result of an Event of Default

: Assuming that all or some of the Rights MCBs become due and payable as a result of an Event of Default, the relevant Accreted Principal Amount in respect of each S\$1.00 in principal amount of Rights MCBs will be an amount equivalent to S\$1.00 in principal amount of Rights MCBs multiplied by the relevant redemption price (“**Acceleration Redemption Price**”) as calculated in accordance with the following formula:

Acceleration Redemption Price = Previous Redemption Price x (1 + r/2)^{d/p}

where (for purposes of this Appendix 1 of this Circular only),

“**Previous Redemption Price**” means the redemption price on the Semi-Annual Date immediately preceding the date on which the Rights MCBs become due and payable as a result of an Event of Default (the “**Acceleration Date**”) (or, if the Rights MCBs become due and payable prior to the first Semi-Annual Date, 100.00 per cent.), provided that if the Acceleration Date falls between (a) the 8th Semi-Annual Date and the 9th Semi-Annual Date, the Previous Redemption Price shall be deemed to be 121.840 per cent. and (b) the 14th Semi-Annual Date and the 15th Semi-Annual Date, the Previous Redemption Price shall be deemed to be 151.259 per cent.;

“**r**” means if the Acceleration Date falls (a) on or prior to the 8th Semi-Annual Date, 4.00 per cent., expressed as a fraction, (b) between the 8th Semi-Annual Date and the 14th Semi-Annual Date (inclusive), 5.00 per cent., expressed as a fraction, and (c) from the 14th Semi-Annual Date, 6.00 per cent., expressed as a fraction;

“**d**” means the number of days from and including the immediately preceding Semi-Annual Date (or, if the Rights MCBs become due and payable before the first Semi-Annual Date, from and including the date of issue of the Rights MCBs) to, but excluding, the Acceleration Date, calculated on the basis of a 360-day year consisting of 12 months of 30 days each, and in the case of an incomplete month, the number of days elapsed; and

“**p**” means 180

Rights MCB Holder’s Put Option	:	None.
Events of Default	:	The Terms and Conditions will provide for Events of Default which are generally in line with the Issuer’s S\$2,000,000,000 Medium Term Bond Programme, except for (a) amendments to clarify that the cessation of, or a decision to cease, all or a material part of the Issuer’s business or operations will not constitute an Event of Default if it arises from the disruption and other business stoppages affecting the Issuer and its subsidiaries as a consequence of the COVID-19 pandemic (as further described below); (b) an increase in the cross default threshold to S\$100,000,000; and (c) including as an Event of Default the failure to deliver Rights MCB Conversion Shares.

In particular, it would be an Event of Default if, among other things, the Issuer ceases or makes a decision to cease to carry on all or a material part of its business or operations (other than a cessation of business or operations arising as a result of the COVID-19 Aviation Sector Disruption (as defined below)), or an order is made or an effective resolution is passed for the winding-up or dissolution of the Issuer or for the judicial management of the Issuer, in each case, except for the purpose of and followed by a reconstruction, amalgamation, re-organisation, merger or consolidation on terms approved by the Trustee or by an extraordinary resolution of the Rights MCB Holders.

“COVID-19 Aviation Sector Disruption” means the disruption and other business stoppages affecting the Issuer and its subsidiaries as a consequence of the COVID-19 pandemic.

If an Event of Default has occurred and is continuing, the Trustee at its discretion may, and if so requested in writing by the holders of not less than 30 per cent. in principal amount of the Rights MCBs then outstanding or if so directed by an extraordinary resolution of the Rights MCB Holders shall (subject to its rights under the Trust Deed to be indemnified and/or secured and/or prefunded to its satisfaction by the Rights MCB Holders), give notice to the Issuer that the Rights MCBs are, and they shall accordingly thereby become, immediately due and repayable at the prevailing Accreted Principal Amount as at such date.

- Modification for the benefit of the Rights MCB Holders : Any material modification to the terms of the Rights MCBs which is for the benefit of the Rights MCB Holders but is materially prejudicial to the interests of the Shareholders shall not be effected without the prior approval of the Shareholders at a general meeting of the Shareholders, unless such modification is made pursuant to the terms of the Rights MCBs.
- Taxation : All payments of the Accreted Principal Amount by or on behalf of the Issuer in respect of the Rights MCBs shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature (the “**Taxes**”) imposed, levied, collected, withheld or assessed by or within Singapore or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In such event, the Issuer will not pay such additional amounts in respect of any such withholding or deduction from payments in respect of the Rights MCBs for or on account of any such Taxes.

- Lock Up : The Issuer will not issue or sell Shares for a period of 90 days from the date of issue of the Rights MCBs, save for the Rights Shares, the Additional MCBs and the grant or vesting of any awards granted under the Issuer's share plans.
- Stock Borrow : None.
- Trustee : HSBC Institutional Trust Services (Singapore) Limited.
- Principal Agent, Registrar, Conversion Agent and Transfer Agent : The Hongkong and Shanghai Banking Corporation Limited, Singapore Branch.
- Listing : On 11 April 2020, the SGX-ST granted approval in-principle for the listing of and quotation for the Rights MCBs and the Rights MCB Conversion Shares on the Main Board of the SGX-ST, subject to certain conditions, the details of which are set out in paragraph 2.3 of this Circular. The approval in-principle of the SGX-ST is not to be taken as an indication of the merits of the Rights Issue, the Rights MCBs, the Rights MCB Conversion Shares, the Rights, the Company and/or its subsidiaries.

It should be noted that the Rights MCBs may not be listed and quoted on the SGX-ST in the event of an insufficient spread of holdings of the Rights MCBs to provide for an orderly market in the Rights MCBs. Accordingly, in such event, Rights MCB Holders will not be able to trade their Rights MCBs on the SGX-ST. However, the Rights MCBs may be traded over-the-counter on the Debt Securities Clearing and Settlement System and will be cleared through CDP. In addition, if the Rights MCBs are converted into Rights MCB Conversion Shares in accordance with its terms, such Rights MCB Conversion Shares will be listed and quoted on the Main Board of the SGX-ST.

- Trading : Upon the listing of and quotation for the Rights MCBs and Rights MCB Conversion Shares on the Main Board of the SGX-ST, the Rights MCBs and Rights MCB Conversion Shares, when issued, will be traded on the Main Board of the SGX-ST under the book-entry (scripless) settlement system. The Rights MCBs may also be traded over-the-counter on the Debt Securities Clearing and Settlement System. All dealings in and transactions (including transfers) in relation to the Rights MCBs and Rights MCB Conversion Shares effected through the SGX-ST and/or CDP shall be made in accordance with CDP's "*Terms and Conditions for Operation of Securities Accounts with The Central Depository (Pte) Limited*", copies of which are available from CDP, and in the case of the Rights MCBs, additionally, the Depository Agreement, as the same may be amended from time to time.

It should be noted that the Rights MCBs may not be listed and quoted on the SGX-ST in the event of an insufficient spread of holdings of the Rights MCBs to provide for an orderly market in the Rights MCBs. Accordingly, in such event, Rights MCB Holders will not be able to trade their Rights MCBs on the SGX-ST. However, the Rights MCBs may be traded over-the-counter on the Debt Securities Clearing and Settlement System and will be cleared through CDP. In addition, if the Rights MCBs are converted into Rights MCB Conversion Shares in accordance with its terms, such Rights MCB Conversion Shares will be listed and quoted on the Main Board of the SGX-ST.

The Rights MCBs will be traded on the Main Board of the SGX-ST in board lots of 100 Rights MCBs with a principal amount of S\$100. Rights MCB Holders who hold odd lots of Rights MCBs (that is, lots other than board lots of 100 Rights MCBs with a principal amount of S\$100) and who wish to trade in odd lots on the SGX-ST are able to trade odd lots of Rights MCBs in board lots of one Rights MCB with a principal amount of S\$1.00 on the Unit Share Market.

In the case of the Rights MCB Conversion Shares, for the purposes of trading on the Main Board of the SGX-ST, each board lot of Shares will comprise 100 Shares. Shareholders who hold odd lots of Shares (that is, lots other than board lots of 100 Shares) are able to trade odd lots of Shares in board lots of one Share on the Unit Share Market.

Rights MCB Holders or, as the case may be, Shareholders who hold odd lots of Rights MCBs or, as the case may be, Shares may have difficulty and/or have to bear disproportionate transaction costs in realising the fair market price of such Rights MCBs or, as the case may be, Shares.

- Clearing and Settlement : The Rights MCBs will be represented by a global bond certificate registered in the name of CDP, and deposited with CDP. Except in the limited circumstances described in the provisions of the global bond certificate, owners of interests in Rights MCBs represented by the global bond certificate will not be entitled to receive definitive bond certificates in respect of their individual holdings of Rights MCBs. Rights MCBs which are represented by the global bond certificate will be transferable only in accordance with the rules and procedures for the time being of CDP.
- Governing Law and Jurisdiction : The Rights MCBs will be governed by, and construed in accordance with, the laws of Singapore.

APPENDIX 1A

ADJUSTMENTS TO THE CONVERSION PRICE OF THE RIGHTS MCBS AS SPECIFIED IN THE TERMS AND CONDITIONS

An extract of Conditions 5.3 to 5.5 of the Terms and Conditions setting out the list of events which would result in adjustments to the Conversion Price of the Rights MCBS and the details of the adjustment formulae is set out below. Shareholders should note that the Terms and Conditions are subject to finalisation.

5.3 Adjustments to Conversion Price

The Conversion Price will be subject to adjustment in certain events set out in the Trust Deed, including the following events (save and except that no adjustments will be made to the Conversion Price by virtue of the issue of any further Bonds in accordance with Condition 14, the issue of any Additional MCBS or the issue of any Rights Shares):

5.3.1 Consolidation, subdivision, redesignation or reclassification

If and whenever there shall be a consolidation, subdivision, redesignation or reclassification in relation to the Shares which alters the number of Shares in issue, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such alteration by the following fraction:

$$\frac{A}{B}$$

where:

- A** = is the aggregate number of Shares in issue immediately before such alteration; and
- B** = is the aggregate number of Shares in issue immediately after such alteration.

Such adjustment shall become effective on the date the alteration takes effect.

5.3.2 Capitalisation of profits or reserves

The issue of Shares by the Issuer credited as fully paid to any persons in whose name Shares are registered (the "**Shareholders**"), by way of capitalisation of profits or reserves, including a free distribution or bonus issue of Shares, other than an issue of Shares constituting a Scrip Dividend.

In such an event, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue by the following fraction:

$$\frac{A}{B}$$

where:

- A** = is the aggregate number of Shares in issue immediately before such issue; and
- B** = is the aggregate number of Shares in issue immediately after such issue.

Such adjustment shall become effective on the date of issue of such Shares or, where a Record Date is set, immediately after such Record Date.

5.3.3 Capital Distribution

The payment or making of any Capital Distribution (as defined below) by the Issuer to the Shareholders (except where the Conversion Price falls to be adjusted under Condition 5.3.2 or Condition 5.3.10).

In such an event, if and whenever the Issuer shall pay or make any Capital Distribution to the Shareholders, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such Capital Distribution by the following fraction:

$$\frac{A - B}{A}$$

where:

- A** = is the Current Market Price of one Share on the last Trading Day (as defined below) preceding the date on which the Capital Distribution is publicly announced; and
- B** = is the Fair Market Value on the date of such announcement, of the portion of the Capital Distribution attributable to one Share, determined by dividing the Fair Market Value of the aggregate Capital Distribution by the number of Shares entitled to receive the Capital Distribution (or, in the case of a purchase of Shares by or on behalf of the Issuer or any Subsidiary (as defined below) of the Issuer, by the number of Shares in issue immediately following such purchase and treating as not being in issue any Shares so purchased).

Such adjustment shall become effective on the date that such Capital Distribution is made or, where a Record Date is set, immediately after such Record Date or, in the case of a purchase of Shares, the date on which such purchase is made.

5.3.4 Rights issues of Shares or options over Shares

The issue of Shares to all or substantially all Shareholders as a class by the Issuer by way of rights, or issue or grant to all or substantially all Shareholders as a class, by way of rights of options, warrants or other rights to subscribe for or purchase any Shares, in each case at less than 90 per cent. of the Current Market Price per Share on the last Trading Day preceding the date of the announcement of the terms of such issue or grant.

In such an event, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue or grant by the following fraction:

$$\frac{A + B}{A + C}$$

where:

- A** = is the number of Shares in issue immediately before such announcement;
- B** = is the number of Shares which the aggregate amount (if any) payable for the Shares issued by way of rights or for the options or warrants or other rights issued by way of rights and for the total number of Shares comprised therein would purchase at such Current Market Price per Share; and
- C** = is the aggregate number of Shares issued or, as the case may be, comprised in the issue or grant.

Such adjustment shall become effective on the date of issue of such Shares or issue or grant of such options, warrants or other rights (as the case may be).

5.3.5 Rights issues of other securities

The issue of any securities (other than Shares or options, warrants or other rights to subscribe for or purchase Shares) to all or substantially all Shareholders as a class by the Issuer by way of rights, or the grant to all or substantially all Shareholders as a class by way of rights of any options, warrants or other rights to subscribe for or purchase, any securities (other than Shares or options, warrants or other rights to subscribe for or purchase Shares).

In such an event, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue or grant by the following fraction:

$$\frac{A - B}{A}$$

where:

- A** = is the Current Market Price of one Share on the last Trading Day preceding the date on which such issue or grant is publicly announced; and
- B** = is the Fair Market Value on the date of such announcement, as determined in good faith by an Independent Investment Bank, of the portion of the rights attributable to one Share.

Such adjustment shall become effective on the date of issue of the securities or grant of such rights, options or warrants (as the case may be) in respect of the securities.

5.3.6 Issues at less than Current Market Price

The issue (otherwise than as mentioned in Condition 5.3.4) by the Issuer wholly for cash of any Shares (other than Shares issued and delivered on the conversion of the Bonds or on the exercise of any other rights of conversion into, or exchange or subscription for, Shares) or the issue or grant of (otherwise than as mentioned in Condition 5.3.4) options, warrants or other rights to subscribe for or purchase Shares in each case at a price per Share which is less than 90 per cent. of the Current Market Price on the last Trading Day preceding the date of announcement of the terms of such issue.

In such an event, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue by the following fraction:

$$\frac{A + B}{C}$$

where:

- A** = is the number of Shares in issue immediately before the issue of such additional Shares or the grant of such options, warrants or other rights to subscribe for or purchase any Shares;
- B** = is the number of Shares which the aggregate consideration receivable for the issue of such additional Shares would purchase at such Current Market Price per Share; and
- C** = is the number of Shares in issue immediately after the issue of such additional Shares.

References to additional Shares in the above formula shall, in the case of an issue by the Issuer of options, warrants or other rights to subscribe or purchase Shares, mean such Shares to be issued assuming that such options, warrants or other rights are exercised in full at the initial exercise price on the date of issue of such options, warrants or other rights.

Such adjustment shall become effective on the date of issue of such additional Shares or, as the case may be, the issue of such options, warrants or other rights.

5.3.7 Other issues at less than Current Market Price

Save in the case of an issue of securities arising from a conversion or exchange of other securities in accordance with the terms applicable to such securities themselves falling within the provisions of this Condition 5.3.7, the issue wholly for cash by the Issuer or any of its Subsidiaries (otherwise than as mentioned in Conditions 5.3.4, 5.3.5 or 5.3.6) or (at the direction or request of or pursuant to any arrangements with the Issuer or any of its Subsidiaries) any other company, person or entity of any securities (other than the Bonds, which term for this purpose excludes any further bonds issued in accordance with Condition 14 and consolidated and forming a single series therewith, and any other Additional MCBs) which by their terms of issue carry rights of conversion into, or exchange or subscription for, Shares to be delivered by the Issuer upon conversion, exchange or subscription at a consideration per Share which is less than 90 per cent. of the Current Market Price on the last Trading Day preceding the date of announcement of the terms of issue of such securities.

In such an event, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue by the following fraction:

$$\frac{A + B}{A + C}$$

where:

- A** = is the number of Shares in issue immediately before such issue;
- B** = is the number of Shares which the aggregate consideration receivable by the Issuer for the Shares to be delivered on conversion or exchange or on exercise of the right of subscription attached to such securities would purchase at such Current Market Price per Share; and
- C** = is the maximum number of Shares to be delivered on conversion or exchange of such securities or on the exercise of such rights of subscription attached thereto at the initial conversion, exchange or subscription price or rate.

Such adjustment shall become effective on the date of issue of such securities.

5.3.8 Modification of rights of conversion, etc.

Any modification of the rights of conversion, exchange or subscription attaching to any such securities (other than the Bonds, which term for this purpose includes any further bonds issued in accordance with Condition 14 and consolidated and forming a single series therewith, and any other Additional MCBs) as are mentioned in Condition 5.3.7 (other than in accordance with the terms applicable to such securities) so that the consideration per Share (for the number of Shares available on conversion, exchange or subscription following the modification) is less than 90 per cent. of the Current Market Price on the last Trading Day preceding the date of announcement of the proposals for such modification.

In such an event, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such modification by the following fraction:

$$\frac{A + B}{A + C}$$

where:

- A** = is the number of Shares in issue immediately before such modification;
- B** = is the number of Shares which the aggregate consideration receivable by the Issuer for the Shares to be issued on conversion or exchange or on exercise of the right of subscription attached to the securities, in each case so modified, would purchase at such Current Market Price per Share or, if lower, the existing conversion, exchange or subscription price of such securities; and
- C** = is the maximum number of Shares to be issued on conversion or exchange of such securities or on the exercise of such rights of subscription attached thereto at the modified conversion, exchange or subscription price or rate but giving credit in such manner as an Independent Investment Bank considers appropriate (if at all) for any previous adjustment under this Condition 5.3.8 or Condition 5.3.7 in each case, so as to restore the economic position of the Bondholders, after the occurrence of such events or circumstances, to the same position as if the diluting effect of such events or circumstances had not occurred in order to give effect to the intended results of such adjustment.

Such adjustment shall become effective on the date of modification of the rights of conversion, exchange or subscription attaching to such securities.

5.3.9 Other offers to Shareholders

The issue, sale or distribution by or on behalf of the Issuer or any Subsidiary or (at the direction or request of or pursuant to any arrangements with the Issuer or any Subsidiary) any other company, person or entity of any securities in connection with an offer by or on behalf of the Issuer or any Subsidiary or such other company, person or entity pursuant to which offer the Shareholders generally are entitled to participate in arrangements whereby such securities may be acquired by them (except where the Conversion Price falls to be adjusted under Conditions 5.3.4, 5.3.5, 5.3.6 and 5.3.7).

In such an event, the Conversion Price shall be adjusted by multiplying the Conversion Price in force immediately before such issue by the following fraction:

$$\frac{A - B}{A}$$

where:

- A** = is the Current Market Price of one Share on the last Trading Day preceding the date on which such issue is publicly announced; and
- B** = is the Fair Market Value on the date of such announcement, as determined in good faith by an Independent Investment Bank, of the portion of the rights attributable to one Share.

Such adjustment shall become effective on the date of issue of the securities.

5.3.10 Other events

If the Issuer determines that an adjustment should be made to the Conversion Price as a result of one or more events or circumstances not referred to in this Condition 5.3, or if the Issuer determines that an adjustment made pursuant to this Condition 5.3 is inappropriate or incorrect, the Issuer shall at its own expense request a leading independent investment bank of international repute (acting as expert), selected by the Issuer and notified in writing to the Trustee (an "**Independent Investment Bank**"), to determine as soon as practicable what adjustment to the Conversion Price is fair and reasonable to take account thereof, if the adjustment would result in a reduction in the Conversion Price, and the date on which such adjustment should take effect and upon such determination such adjustment (if any) shall be made and shall take effect in accordance with such determination, in each case, so as to restore the economic position of the Bondholders, after the occurrence of such events or circumstances, to the same position as if the diluting effect of such events or circumstances had not occurred in order to give effect to the intended results of such adjustment, provided that where the circumstances giving rise to any adjustment pursuant to this Condition 5.3 have already resulted or will result in an adjustment to the Conversion Price or where the circumstances giving rise to any adjustment arise by virtue of circumstances which have already given rise or will give rise to an adjustment to the Conversion Price, such modification (if any) shall be made to the operation of the provisions of this Condition 5.3 as may be advised by an Independent Investment Bank to be in their opinion appropriate to restore the economic position of the Bondholders, after the occurrence of such events or circumstances, to the same position as if the diluting effect of such events or circumstances had not occurred in order to give the intended result.

- 5.4.10 “**Subsidiary**” means any company which is for the time being a subsidiary (within the meaning of Section 5 of the Companies Act, Chapter 50 of Singapore) of the Issuer.
- 5.4.11 “**Trading Day**” means a day when the SGX-ST or, as the case may be, an Alternative Stock Exchange is open for dealing business, provided that if no closing price is reported in respect of the relevant Shares on the SGX-ST or, as the case may be, the Alternative Stock Exchange for one or more consecutive dealing days, such day or days will be disregarded in any relevant calculation and shall be deemed not to have existed when ascertaining any period of dealing days.

5.5 Adjustment provisions

- 5.5.1 On any adjustment, the relevant Conversion Price shall be rounded down to the nearest S\$0.0001. No adjustment shall be made to the Conversion Price where such adjustment (rounded down if applicable) would be less than one per cent. of the Conversion Price unless the Issuer deems it necessary. Any adjustment not made, and any amount by which the Conversion Price has not been rounded down, shall be carried forward and taken into account in any subsequent adjustment (such amount, the “**Stub Amount**”). If, on the Maturity Date, there is any Stub Amount which has not been taken into account in any adjustment, the Conversion Price in effect on the Maturity Date prior to the Mandatory Conversion shall be adjusted to reflect the Stub Amount for the purpose of the Mandatory Conversion. Notice of any adjustment shall be given to Bondholders in accordance with Condition 15 as soon as practicable after the determination thereof.
- 5.5.2 In making any calculation for the purposes of Conditions 5.3 and 5.4, such adjustments (if any) shall be made as an Independent Investment Bank may consider appropriate to reflect (i) any consolidation or subdivision of the Shares, (ii) issues of Shares by way of capitalisation of profits or reserves, or any like or similar event or (iii) the modification of any rights to dividends of Shares.
- 5.5.3 Where more than one event which gives or may give rise to an adjustment to the Conversion Price occurs within such a short period of time that in the opinion of the Independent Investment Bank the foregoing provisions would need to be operated subject to some modification in order to give the intended result, such modification shall be made to the operation of the foregoing provisions as may be advised by the Independent Investment Bank to be in their opinion appropriate in order to give such intended result.
- 5.5.4 No adjustment will be made to the Conversion Price when Shares or other securities (including rights or options) are issued, offered or granted to employees (including directors) of the Issuer or any Subsidiary of the Issuer pursuant to any existing Employee Share Scheme from time to time (and which Employee Share Scheme is in compliance with the listing rules of the SGX-ST or, if applicable, those of an Alternative Stock Exchange) or pursuant to the conversion of the Bonds.
- 5.5.5 No adjustment involving an increase in the Conversion Price will be made, except in the case of a consolidation of the Shares as referred to in Condition 5.3.1 or to correct an error.
- 5.5.6 In the event a takeover offer (including by way of a scheme of arrangement or amalgamation) is made for the Issuer, the Bondholders shall be entitled to participate in any such takeover offer to the extent so provided in the terms of the takeover offer and in accordance with applicable law and regulations governing the terms of the takeover offer.

- 5.5.7 If any doubt shall arise as to whether an adjustment falls to be made to the Conversion Price or as to the appropriate adjustment to the Conversion Price, the Issuer may, and shall if requested by the Trustee (acting on the instructions of holders of not less than 30 per cent. in principal amount of the Bonds), consult an Independent Investment Bank. Any such determination and opinion or advice of the Independent Investment Bank procured under these Conditions shall, to the extent requested by the Trustee, be provided to the Trustee, and shall in the absence of manifest error, be conclusive and binding on all concerned. Notwithstanding the above, the Trustee may and shall (if requested by holders of not less than 30 per cent. in principal amount of the Bonds) within (i) 7 days of a notice of change of Conversion Price given pursuant to Condition 5.7 or (ii) upon receiving a copy of the Independent Investment Bank's opinion or advice, appoint at its own expense another investment bank (the "**Trustee IFA**") to review the opinion or advice from the Independent Investment Bank. If there is a difference in opinion between the Independent Investment Bank and the Trustee IFA, the opinion of the Trustee IFA shall prevail.
- 5.5.8 Neither the Trustee nor any Agent shall be under any duty to monitor whether any event or circumstance has happened or exists which may require an adjustment to be made to the Conversion Price or to make any determination in relation to or to calculate or verify any calculation of any such adjustment, and neither the Trustee nor any Agent will be responsible or liable to Bondholders for any loss arising from any failure by it to do so.

APPENDIX 2

SUMMARY OF THE TERMS AND CONDITIONS OF THE ADDITIONAL MCBs

Shareholders should note that the terms and conditions of the Additional MCBs are subject to finalisation.

Issuer	:	Singapore Airlines Limited.
Offering	:	Subsequent to the Rights Issue and subject to the approval of Shareholders at the EGM for the Additional Issue, up to S\$6.2 billion in aggregate principal amount of the Additional MCBs may be offered by way of one or more further rights issues at such future dates and times as may be determined by the Issuer at its sole discretion.
Issue Price of the Additional MCBs	:	100 per cent. of the principal amount of the Additional MCBs or S\$1.00 for each S\$1.00 in principal amount of the Additional MCBs.
Maturity Date	:	The maturity date of all Additional MCBs shall be the same as the Maturity Date of the Rights MCBs, being the date falling 10 years from the issue date of the Rights MCBs.
Coupon	:	Zero coupon.
Form and Denomination	:	The Additional MCBs will be constituted by a trust deed and will be issued in registered form and in the denomination of S\$1.00 each.
Status of the Additional MCBs	:	The Additional MCBs will constitute direct, unconditional, unsubordinated, and unsecured obligations of the Issuer and shall at all times rank <i>pari passu</i> and without any preference or priority among themselves. The payment obligations of the Issuer under the Additional MCBs shall, save for such exceptions as may be provided by mandatory provisions of applicable law, at all times rank at least equally with all of its other present and future direct, unconditional, unsubordinated and unsecured obligations.
Participation rights in distributions and/or offer of further securities	:	The Additional MCB Holders will have no participation rights in any distributions and/or offer of further securities made by the Issuer.

Conversion Terms : The Additional MCBs shall be convertible into Additional MCB Conversion Shares on the Maturity Date only and not at any time prior to the Maturity Date.

Conversion Price and Adjustments to Conversion Price : The conversion price of each Additional MCB will initially be the prevailing Conversion Price of the Rights MCBs (but including any adjustments below the specified threshold which have not been taken into account under the Terms and Conditions). The conversion price of each Additional MCB will be subject to adjustments for full dividend protection and standard anti-dilution adjustments in accordance with the terms and conditions of the Additional MCBs.

The conversion price will be subject to adjustments under certain circumstances, as described below:

- (a) consolidation, subdivision, redesignation or reclassification in relation to the Shares which alters the number of Shares in issue;
- (b) capitalisation of profits or reserves;
- (c) capital distribution, dividends or Share repurchases (other than for purposes of any Employee Share Scheme). In this regard, "**Employee Share Scheme**" means any scheme of the Issuer pursuant to which Shares or other securities (including rights or options or awards) are issued, offered or granted to directors and employees or former directors or employees of the Issuer, its subsidiaries, associated companies and/or of the Issuer's holding company or subsidiaries of such holding company.

To the extent that Shares are repurchased by the Issuer for purposes of delivery to participants under an Employee Share Scheme, such Shares would be earmarked by the Issuer and where applicable, the earmarking of such Shares will be disclosed in the notification to be provided by the Issuer to the SGX-ST in respect of the Issuer's repurchases of Shares pursuant to Rule 886 of the Listing Manual;

- (d) rights issues of Shares or options over Shares at less than 90% of the market price;
- (e) rights issues of other securities;
- (f) issues of Shares or options over Shares at less than 90% of the market price;

- (g) issues of securities which carry rights of conversion into, or exchange or subscription for Shares at a consideration per Share at less than 90% of the market price;
- (h) modification of rights of conversion, exchange or subscription attaching to any other securities (other than the Additional MCBs) issued and which are convertible into Shares such that the consideration per Share is less than 90% of the market price;
- (i) issue of securities in the context of an offer to Shareholders; and
- (j) in events or circumstances not otherwise provided in the terms and conditions of the Additional MCBs, subject to, among others, the use by the Issuer of a leading independent investment bank of international repute (acting as expert) to determine if the adjustment is fair and reasonable, so as to restore the economic position of the Additional MCB Holders, after the occurrence of such events or circumstances, to the same position as if the diluting effect of such events or circumstances had not occurred,

except that no adjustments will be made to the conversion price by virtue of, among other things, the issue of any further Additional MCBs within the mandate of the authority granted for the Additional Issue.

The events which would result in adjustments to the conversion price of the Additional MCBs and the applicable adjustment formulae will be materially similar to the adjustment events and the adjustment formulae in relation to the Conversion Price of the Rights MCBs (as set out in Appendix 1A of this Circular).

For the avoidance of doubt, no further cash outlay will be required from the Additional MCB Holders for the conversion of the Additional MCBs into Additional MCB Conversion Shares.

Mandatory Conversion at Maturity :

Unless previously redeemed or purchased and cancelled, the Issuer shall satisfy its obligation to redeem the Additional MCBs on the Maturity Date by mandatorily converting the Additional MCBs into Additional MCB Conversion Shares on the Maturity Date.

The number of Additional MCB Conversion Shares to be delivered to an Additional MCB Holder in respect of his holding of Additional MCBs will be determined by dividing the Final Accreted Principal Amount of the Additional MCBs held by such Additional MCB Holder as at the Maturity Date by the conversion price in effect at the Maturity Date.

Fractions of an Additional MCB Conversion Share will not be issued on conversion and no cash adjustments will be made in respect of such fractions of Additional MCB Conversion Shares.

For so long as the Additional MCBs are represented by a global bond certificate deposited with CDP, save as provided below, an Additional MCB Holder does not need to submit a notice of conversion in order to receive the Additional MCB Conversion Shares to be delivered upon mandatory conversion of his Additional MCBs. However, if an Additional MCB Holder wishes for his Additional MCB Conversion Shares to be credited to a specified securities account (other than the securities account in which his Additional MCBs are held), he should submit a duly completed notice of conversion to the conversion agent before the Cut-Off Date (subject to the requirements of CDP). Furthermore, an Additional MCB Holder whose registered address is not in Singapore will have to submit a duly completed notice of conversion to the conversion agent as a precondition to delivery of Additional MCB Conversion Shares. If the Additional MCBs cease to be represented by a global bond certificate, an Additional MCB Holder must complete, execute and deposit by the Cut-Off Date a duly completed notice of conversion with the conversion agent as a precondition to delivery of Additional MCB Conversion Shares.

The Issuer shall, at least one month before the Cut-Off Date, give notice to the Additional MCB Holders of the Cut-Off Date and shall make such announcement of the Cut-Off Date as may be required under any applicable laws, regulations or rules of the SGX-ST.

Additional MCB Conversion Shares : The Shares to be delivered following mandatory conversion on the Maturity Date will be delivered fully paid, ranking *pari passu* in all respects with the then existing Shares, save for any dividends, rights, allotments or other distributions, the record date for which falls before the date of registration of the Shares.

Redemption at the Option of the Issuer : The Additional MCBs may be redeemable at the option of the Issuer in whole or in part on every Semi-Annual Date at the relevant Accreted Principal Amount as at such Semi-Annual Date.

In the case of a partial redemption of Additional MCBs, the Additional MCBs will be redeemed on a *pro-rata* basis or selected by such other method in such place as the trustee for the Additional MCBs shall approve and in such manner as the trustee for the Additional MCBs shall deem to be appropriate and fair.

For the avoidance of doubt, the Additional MCBs will not be redeemable at the option of an Additional MCB Holder.

Final Accreted Principal Amount on Maturity Date : Assuming that the Additional MCBs are not previously redeemed or purchased and cancelled and are converted on the Maturity Date, the Final Accreted Principal Amount as at the Maturity Date for conversion of the Additional MCBs will be calculated on the basis of a 6% annual yield to conversion, compounded on a semi-annual basis.

For illustrative purposes, if the date of issue of the Additional MCBs is the first anniversary of the date of issue of the Rights MCBs, the Final Accreted Principal Amount in respect of each S\$1.00 in principal amount of Additional MCBs will be S\$1.70243. For the avoidance of doubt, the actual date of issue of the Additional MCBs can only be determined if and when an Additional Issue is undertaken and the date of issue of the Additional MCBs would invariably be after the issue date of the Rights MCBs.

Accreted Principal Amount on a Semi-Annual Date prior to the Maturity Date : Assuming that all or some of the Additional MCBs are redeemed on a Semi-Annual Date prior to the Maturity Date, the relevant Accreted Principal Amount in respect of each S\$1.00 in principal amount of Additional MCBs will be an amount equivalent to S\$1.00 in principal amount of Additional MCBs multiplied by the relevant redemption price in effect at such Semi-Annual Date.

The redemption price set out below has been calculated on the following basis:

- (a) where the redemption takes place on a Semi-Annual Date falling within the first four years of the date of issue of the Additional MCBs, an annual yield to call of 4% per annum applied to each year, compounded on a semi-annual basis. By way of illustration, assuming an Additional MCB in the principal amount of S\$1.00 is redeemed on the eighth Semi-Annual Date (i.e. at the end of the period falling four years from the date of issue of the Additional MCBs), the redemption price of that Additional MCB will be calculated on the basis of the principal amount of the Additional MCB to be redeemed multiplied by the accretion factor of 117.166% (i.e. the redemption amount would be S\$1.17166);
- (b) where the redemption takes place on a Semi-Annual Date falling within the fifth to seventh years of the date of issue of the Additional MCBs, an annual yield to call of 5% per annum applied to each year commencing from the date of issue of the Additional MCBs, compounded on a semi-annual basis. By way of illustration, assuming an Additional MCB in the principal amount of S\$1.00 is redeemed on the 14th Semi-Annual Date (i.e. at the end of the period falling seven years from the date of issue of the Additional MCBs), the redemption price of that Additional MCB will be calculated on the basis of the principal amount of the Additional MCB to be redeemed multiplied by the accretion factor of 141.297% (i.e. the redemption amount would be S\$1.41297); and
- (c) where the redemption takes place on a Semi-Annual Date (prior to the Maturity Date) from the eighth year of the date of issue of the Additional MCBs onwards, an annual yield to call of 6% per annum applied to each year commencing from the date of issue of the Additional MCBs, compounded on a semi-annual basis. By way of illustration, assuming an Additional MCB in the principal amount of S\$1.00 is redeemed on the 19th Semi-Annual Date (i.e. being the Semi-Annual Date immediately prior to the Maturity Date), the redemption price of that Additional MCB will be calculated on the basis of the principal amount of the Additional MCB to be redeemed multiplied by the accretion factor of 175.351% (i.e. the redemption amount would be S\$1.75351). The relevant redemption price in effect at the respective Semi-Annual Dates will be as follows.

<u>Semi-Annual Date</u>	<u>Redemption Price (%)</u>
1st Semi-Annual Date	102.000
2nd Semi-Annual Date	104.040
3rd Semi-Annual Date	106.121
4th Semi-Annual Date	108.243
5th Semi-Annual Date	110.408
6th Semi-Annual Date	112.616
7th Semi-Annual Date	114.869
8th Semi-Annual Date	117.166
9th Semi-Annual Date	124.886
10th Semi-Annual Date	128.008
11th Semi-Annual Date	131.209
12th Semi-Annual Date	134.489
13th Semi-Annual Date	137.851
14th Semi-Annual Date	141.297
15th Semi-Annual Date	155.797
16th Semi-Annual Date	160.471
17th Semi-Annual Date (if applicable)	165.285
18th Semi-Annual Date (if applicable)	170.243
19th Semi-Annual Date (if applicable)	175.351

For the avoidance of doubt, the actual date of issue of the Additional MCBs can only be determined if and when an Additional Issue is undertaken and the date of issue of the Additional MCBs would invariably be after the issue date of the Rights MCBs.

Whether the redemption price in effect at the 17th Semi-Annual Date, the 18th Semi-Annual Date or, as the case may be, the 19th Semi-Annual Date as described above is applicable to the Additional MCBs depends on the actual date of issue of the Additional MCBs.

For illustrative purposes, if the Additional MCBs are issued on a date falling after the first six-month anniversary of the date of issue of the Rights MCBs, the Maturity Date of the Additional MCBs will fall on a date prior to the 19th Semi-Annual Date and accordingly, the redemption price in effect at the 19th Semi-Annual Date as described above would not be applicable to the Additional MCBs.

Accreted Principal Amount upon the Additional MCBs becoming due and payable as a result of an event of default

:

Assuming that all or some of the Additional MCBs become due and payable as a result of an event of default, the relevant Accreted Principal Amount in respect of each S\$1.00 in principal amount of Additional MCBs will be an amount equivalent to S\$1.00 in principal amount of Additional MCBs multiplied by the relevant redemption price (“**Additional MCB Acceleration Redemption Price**”) as calculated in accordance with the following formula:

$$\text{Additional MCB Acceleration Redemption Price} = \text{Previous Redemption Price} \times (1 + r/2)^{d/p}$$

where (for purposes of this Appendix 2 of this Circular only),

“**Previous Redemption Price**” means the redemption price on the Semi-Annual Date immediately preceding the date on which the Additional MCBs become due and payable as a result of an event of default (the “**Acceleration Date**”) (or, if the Additional MCBs become due and payable prior to the first Semi-Annual Date, 100.00 per cent.), provided that if the Acceleration Date falls between (a) the 8th Semi-Annual Date and the 9th Semi-Annual Date, the Previous Redemption Price shall be recalculated on the basis of an annual yield to call of 5% per annum (compounded on a semi-annual basis) commencing from the date of issue of the Additional MCBs and (b) the 14th Semi-Annual Date and the 15th Semi-Annual Date, the Previous Redemption Price shall be recalculated on the basis of an annual yield to call of 6% per annum (compounded on a semi-annual basis) commencing from the date of issue of the Additional MCBs;

“**r**” means if the Acceleration Date falls (a) on or prior to the 8th Semi-Annual Date, 4.00 per cent., expressed as a fraction, (b) between the 8th Semi-Annual Date and the 14th Semi-Annual Date (inclusive), 5.00 per cent., expressed as a fraction, and (c) from the 14th Semi-Annual Date, 6.00 per cent., expressed as a fraction; and

“**d**” means the number of days from and including the immediately preceding Semi-Annual Date (or, if the Additional MCBs become due and payable before the first Semi-Annual Date, from and including the date of issue of the Additional MCBs) to, but excluding, the Acceleration Date, calculated on the basis of a 360-day year consisting of 12 months of 30 days each, and in the case of an incomplete month, the number of days elapsed; and

“**p**” means 180

Additional MCB Holder’s Put Option

:

None.

Events of Default : The terms and conditions of the Additional MCBs will provide for events of default which are generally in line with the Issuer’s S\$2,000,000,000 Medium Term Bond Programme, except for (a) amendments to clarify that the cessation of, or a decision to cease, all or a material part of the Issuer’s business or operations will not constitute an event of default if it arises from the disruption and other business stoppages affecting the Issuer and its subsidiaries as a consequence of the COVID-19 pandemic (as further described below); (b) an increase in the cross default threshold to S\$100,000,000; and (c) including as an event of default the failure to deliver Additional MCB Conversion Shares.

In particular, it would be an event of default if, among other things, the Issuer ceases or makes a decision to cease to carry on all or a material part of its business or operations (other than a cessation of business or operations arising as a result of the COVID-19 Aviation Sector Disruption (as defined below)), or an order is made or an effective resolution is passed for the winding-up or dissolution of the Issuer or for the judicial management of the Issuer, in each case, except for the purpose of and followed by a reconstruction, amalgamation, re-organisation, merger or consolidation on terms approved by the trustee of the Additional MCBs or by an extraordinary resolution of the Additional MCB Holders.

If such event has occurred and is continuing, the trustee for the Additional MCBs at its discretion may, and if so requested in writing by the holders of not less than 30 per cent. in principal amount of the Additional MCBs then outstanding or if so directed by an extraordinary resolution of the Additional MCB Holders shall (subject to its rights under the trust deed to be indemnified and/or secured and/or prefunded to its satisfaction by the Additional MCB Holders), give notice to the Issuer that the Additional MCBs are, and they shall accordingly thereby become, immediately due and repayable at the prevailing Accreted Principal Amount as at such date.

“COVID-19 Aviation Sector Disruption” means the disruption and other business stoppages affecting the Issuer and its subsidiaries as a consequence of the COVID-19 pandemic.

Modification for the benefit of Additional MCB Holders : Any material modification to the terms of the Additional MCBs which is for the benefit of the Additional MCB Holders but is materially prejudicial to the interests of the Shareholders shall not be effected without the prior approval of the Shareholders at a general meeting of the Shareholders, unless such modification is made pursuant to the terms of the Additional MCBs.

Taxation	:	All payments of the Accreted Principal Amount by or on behalf of the Issuer in respect of the Additional MCBs shall be made free and clear of, and without withholding or deduction for, any Taxes imposed, levied, collected, withheld or assessed by or within Singapore or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law. In such event, the Issuer will not pay such additional amounts in respect of any such withholding or deduction from payments in respect of the Additional MCBs for or on account of any such Taxes.
Lock Up	:	The Issuer will not issue or sell Shares for a period of 90 days from the date of issue of the Additional MCBs, save for any further Additional MCBs and the grant or vesting of any awards granted under the Issuer's share plans.
Stock Borrow	:	None.
Trustee	:	To be appointed.
Principal Agent, Registrar, Conversion Agent and Transfer Agent	:	To be appointed.
Listing	:	At the time of each of such further rights issues of Additional MCBs, an application will be made to the SGX-ST for permission to deal in and for the listing of and quotation for the Additional MCBs and the Additional MCB Conversion Shares on the Main Board of the SGX-ST.
Clearing and Settlement	:	The Additional MCBs will be represented by a global bond certificate registered in the name of CDP, and deposited with CDP. Except in the limited circumstances described in the provisions of the global bond certificate, owners of interests in Additional MCBs represented by the global bond certificate will not be entitled to receive definitive bond certificates in respect of their individual holdings of Additional MCBs. Additional MCBs which are represented by the global bond certificate will be transferable only in accordance with the rules and procedures for the time being of CDP.
Governing Law and Jurisdiction	:	The Additional MCBs will be governed by, and construed in accordance with, the laws of Singapore.

Entitled Shareholders will be provisionally allotted Rights Shares and Rights MCBs under the Rights Issue on the basis of their shareholdings in the Company as at the Record Date. Entitled Shareholders will be at liberty to accept (in full or in part), decline, renounce or (in the case of Entitled Depositors only) trade on the SGX-ST (during the Rights trading period prescribed by the SGX-ST) their Rights and are eligible to apply for excess Rights Shares or, as the case may be, excess Rights MCBs in excess of their provisional allotments under the Rights Issue. Fractional entitlements to the Rights Shares or, as the case may be, Rights MCBs will be disregarded in arriving at the Shareholders' entitlements and will, together with such Rights Shares or, as the case may be, such Rights MCBs that are not validly taken up by Entitled Shareholders or their respective renounee(s) or Purchaser(s), any unsold Rights of Foreign Shareholders and any Rights Shares or, as the case may be, Rights MCBs that are not otherwise allotted for whatever reason in accordance with the terms and conditions contained in the Offer Information Statement, the ARE, the PAL and (if applicable) the Constitution, be aggregated and used to satisfy excess Rights Shares or, as the case may be, excess Rights MCBs applications (if any), or disposed of or otherwise dealt with in such manner as the Directors may, in their absolute discretion, deem fit for the benefit of the Company. In the allotment of excess Rights Shares or, as the case may be, excess Rights MCBs, preference will be given to the rounding of odd lots and Directors and Substantial Shareholders who have control or influence over the Company in connection with the day-to-day affairs of the Company or the terms of the Rights Issue, or have representation (direct or through a nominee) on the board of the Company will rank last in priority for the rounding of odd lots and the allotment of excess Rights Shares or, as the case may be, excess Rights MCBs.

All dealings in and transactions of the Rights through the SGX-ST will be effected under the book-entry (scripless) settlement system. Accordingly, the PALs, which will be issued to Entitled Scripholders, will not be valid for delivery pursuant to trades done on the SGX-ST.

The procedures for, and the terms and conditions applicable to, acceptances, renunciation and/or sales of the Rights and for the applications for excess Rights Shares or, as the case may be, excess Rights MCBs, including the different modes of acceptance or application and payment, will be contained in the Offer Information Statement and in the ARE, the ARS and the PAL to be despatched by the Company in due course.

Entitled Scripholders are encouraged to open Securities Accounts if they have not already done so and to lodge their share certificates with CDP well in advance of the Record Date so that their Securities Accounts may be credited by CDP with their Shares prior to the Record Date and the Rights. Entitled Scripholders should note that their Securities Accounts will only be credited with their Shares on the twelfth (12th) Market Day from the date of lodgment of their share certificates with CDP or such later date as CDP may determine.

Entitled Depositors should note that all notices and documents will be sent to their last registered addresses with CDP. Entitled Depositors are encouraged to submit any request to update their records or to effect any change in address well in advance of the Record Date. Any such request to CDP to update their records or to effect any change in address must reach CDP at 11 North Buona Vista Drive, #01-19/20 The Metropolis Tower 2, Singapore 138589, at least three Market Days before the Record Date.

The Rights MCBs will be represented by a global bond certificate registered in the name of CDP, and deposited with CDP. As described in “Principal Terms – Rights MCBs – Clearing and Settlement” under paragraph 2.1 of this Circular, except in the limited circumstances described in the provisions of the global bond certificate, owners of interests in Rights MCBs represented by the global bond certificate will not be entitled to receive definitive bond certificates in respect of their individual holdings of Rights MCBs.

Accordingly, Entitled Scripholders and their renounees who wish to accept their provisional allotments of Rights MCBs and (if applicable) apply for excess Rights MCBs, and who wish to trade the Rights MCBs issued to them on the SGX-ST under the book-entry (scripless) settlement system, must open Securities Accounts if they have not already done so, and provide their Securities Account numbers and NRIC/passport numbers (for individuals) or registration numbers (for corporations) in the forms comprised in their PALs.

(b) Foreign Shareholders

The Offer Information Statement and its accompanying documents have not been and will not be lodged, registered or filed in any jurisdiction other than Singapore. The distribution of the Offer Information Statement and its accompanying documents, and the purchase, exercise of or subscription for Rights and/or the Rights Shares or, as the case may be, Rights MCBs by any persons who have registered addresses outside Singapore, or who are resident in, or citizens of countries other than Singapore, may be prohibited or restricted (either absolutely or subject to various relevant securities requirements, whether legal or administrative, being complied with) in certain jurisdictions under the relevant securities laws of those jurisdictions. For practical reasons and in order to avoid any violation of the securities legislation applicable in jurisdictions other than Singapore, the Offer Information Statement and its accompanying documents will not be despatched to Foreign Shareholders.

Foreign Shareholders will not be entitled to participate in the Rights Issue. Accordingly, no provisional allotment of Rights Shares and Rights MCBs will be made to Foreign Shareholders and no purported acceptance or application for the Rights Shares or, as the case may be, Rights MCBs by Foreign Shareholders will be valid. The Company may, in its sole discretion, permit participation in the Rights Issue by certain Foreign Shareholders in certain jurisdictions, subject in all cases to compliance with applicable laws in the relevant jurisdictions.

The Offer Information Statement and its accompanying documents will also not be despatched to persons purchasing the Rights through the book-entry (scripless) settlement system if their registered addresses with CDP are outside Singapore (“**Foreign Purchasers**”). Foreign Purchasers who wish to accept the Rights credited to their Securities Accounts should make the necessary arrangements with their respective Depository Agents or stockbrokers in Singapore.

Depositors should note that all correspondences and notices will be sent to their last registered addresses with CDP.

Depositors who wish to maintain a mailing address (“**Rights Mailing Address**”) with CDP for the purpose of receiving the Rights Issue documents should inform CDP in writing at 11 North Buona Vista Drive, #01-19/20 The Metropolis Tower 2, Singapore 138589. Depositors are encouraged to submit any request to register a Rights Mailing Address or to effect any change in address well in advance of the Record Date. Any such request to register a Rights Mailing Address or to effect any change in address must reach CDP by not later than three Market Days before the Record Date.

Shareholders (not being Depositors) who do not presently have an address in Singapore for the service of notices and documents and who wish to be eligible to participate in the Rights Issue should provide such an address in Singapore by notifying in writing the Share Registrar, M & C Services Private Limited at 112 Robinson Road, #05-01, Singapore 068902, not later than three Market Days before the Record Date.

The Company reserves the right, but shall not be obliged, to treat as invalid any ARE, ARS or PAL which (a) appears to the Company or its agents to have been executed in any jurisdiction outside Singapore or which the Company believes may violate any applicable legislation of such jurisdiction, (b) provides an address outside Singapore for the receipt of the share certificate(s) for the Rights Shares or which requires the Company to despatch the share certificate(s) to an address in any jurisdiction outside Singapore, or (c) purports to exclude any deemed representation, warranty or confirmation. The Company further reserves the right to reject any acceptances of the Rights Shares or, as the case may be, Rights MCBs and/or applications for excess Rights Shares or, as the case may be, excess Rights MCBs where it believes, or has reason to believe, that such acceptances and/or applications may violate any applicable legislation of any jurisdiction.

If it is practicable to do so, the Company may, at its absolute discretion, arrange for the Rights, which would otherwise have been provisionally allotted to Ineligible Shareholders to be sold “nil-paid” on the SGX-ST as soon as practicable after commencement of trading in the Rights. Such sales may, however, only be effected if the Company, in its absolute discretion, determines that the gross proceeds from such sales will exceed the expenses expected to be incurred in relation thereto.

The net proceeds from all such sales, after deduction of all expenses therefrom, will be pooled and thereafter distributed to Ineligible Shareholders in proportion to their respective shareholdings or, as the case may be, the number of Shares entered against their names in the Depository Register as at the Record Date and sent to them **AT THEIR OWN RISK** by ordinary post, **provided that** where the amount of net proceeds to be distributed to any single Ineligible Shareholder or persons acting to the account or benefit of any such persons is less than S\$10.00, the Company shall be entitled to retain or deal with such net proceeds as the Directors may, in their absolute discretion, deem fit in the interests of the Company and no Ineligible Shareholder or persons acting to the account or benefit of any such persons shall have any claim whatsoever against the Company, the Sole Financial Adviser, the Joint Lead Managers, CDP, the CPF Board or the Share Registrar and their respective officers in connection therewith.

Where such Rights are sold on the SGX-ST, they will be sold at such price or prices as the Company may, in its absolute discretion, decide and no Ineligible Shareholder or persons acting to the account or benefit of any such persons shall have any claim whatsoever against the Company, the Sole Financial Adviser, the Joint Lead Managers, CDP, the CPF Board or the Share Registrar and their respective officers in respect of such sales or the proceeds thereof, the Rights or the Rights Shares or, as the case may be, Rights MCBs represented by such Rights.

If such Rights cannot be or are not sold on the SGX-ST as aforesaid for any reason by such time as the SGX-ST shall have declared to be the last day for trading in the Rights, the Rights Shares or, as the case may be, Rights MCBs represented by such Rights will be issued to satisfy excess applications or dealt with in such manner as the Directors may, in their absolute discretion, deem fit in the interests of the Company and no Ineligible Shareholder or persons acting to the account or benefit of any such persons shall have any claim whatsoever against the Company, the Sole Financial Adviser, the Joint Lead Managers, CDP, the CPF Board or the Share Registrar and their respective officers in connection therewith.

Shareholders should note that the special arrangements described above will apply only to Ineligible Shareholders.

Notwithstanding the above, Shareholders and any other person having possession of the Offer Information Statement and/or its accompanying documents are advised to inform themselves of and to observe any legal requirements applicable thereto. No person in any territory outside Singapore receiving the Offer Information Statement and/or its accompanying documents may treat the same as an offer, invitation or solicitation to subscribe for any Rights Shares or, as the case may be, Rights MCBs unless such offer, invitation or solicitation could lawfully be made without compliance with any registration or other regulatory or legal requirements in such territory.

Further details will be set out in the Offer Information Statement.

REVIEW OF PERFORMANCE

FY2017/2018 compared to FY2016/2017

Group Revenue

Group revenue rose S\$937 million (+6.3 per cent.) year-on-year to S\$15,806 million. Revenue from Singapore Airlines (the “**Parent Airline Company**”) was higher, driven by growth in passenger carriage (+3.2 per cent.), partly offset by lower yield (-1.0 per cent.), and incidental income arising from changes in estimated breakage rates for the KrisFlyer programme (S\$178 million). These were partially negated by the absence of up-front recognition of revenue from unutilised tickets recorded in the previous year (S\$145 million). Scoot and SilkAir reported revenue gains, boosted by passenger carriage growth from expanded operations, albeit with some dilution in yield. Cargo revenue rose by S\$266 million, lifted by higher loads carried (+5.3 per cent.) and yield (+8.9 per cent.), on strength in trade conditions in the year.

Group Expenditure

Group expenditure rose S\$12 million (+0.1 per cent.) year-on-year to S\$14,257 million. Higher fuel prices and fuel volume uplifted contributed S\$671 million, partially offset by a fuel hedging gain versus a loss last year (S\$439 million), and a weaker U.S. dollar against the Singapore dollar (S\$80 million), resulting in an increase of S\$152 million in net fuel cost (+4.1 per cent.). Non-fuel costs decreased S\$140 million (-1.4 per cent.), partly attributable to decrease in depreciation due to write down of aircraft values upon adoption of IFRS 1, partially offset by double-digit capacity expansion at Scoot and SilkAir.

Group Operating Profit

The Group's operating profit was S\$926 million higher at S\$1,549 million (+148.6 per cent.) for the financial year ended 31 March 2018. With the exception of SilkAir, operating performance for all other major companies in the Group improved over last year. Singapore Airlines earned an operating profit of S\$1,092 million in the financial year, a S\$706 million improvement compared to last year. SIA Cargo reported an operating profit of S\$246 million, S\$243 million higher year-on-year.

Net Profit for the Group

Net profit for the Group rose S\$942 million (+261.7 per cent.) to S\$1,302 million, largely driven by the better operating profit, absence of SIA Cargo's provision for competition-related matters (+S\$132 million) and write-down of Tigerair related brand and trademarks (+S\$98 million), partially offset by the absence of SIA Engineering's gain on divestment of Hong Kong Aero Engines Services Ltd ("HAESL") and special dividends received from HAESL (-S\$178 million), which were recorded last year.

Financial Position

Equity attributable to owners of the company increased by S\$1,576 million (+14.0 per cent.) to S\$12,860 million as at 31 March 2018, largely due to higher net profit for the financial year (+S\$1,302 million) and fair value movement on cash flow hedges (+S\$548 million), partially offset by payment of dividends (-S\$248 million). The fair value movement on cash flow hedges of S\$548 million was mainly attributable to fair value gains in the year, against losses last year, on outstanding fuel hedges, partly offset by higher losses in foreign exchange hedges.

Total Group assets increased by S\$3,321 million (+14.7 per cent.) to S\$25,893 million. The increase was mainly attributable to an increase in property, plant and equipment (+S\$3,883 million) and derivative assets (+S\$514 million), partially offset by a reduction in cash balances (-S\$812 million) and investments (-S\$442 million). Cash balances fell, primarily from higher capital expenditure (-S\$5,210 million) and payment of dividends (-S\$248 million). These were financed by cash flows generated from operations (+S\$2,611 million), issuance of bonds (+S\$1,600 million), and proceeds from disposal and maturity of investments, net of acquisitions (+S\$470 million).

Total Group liabilities increased by S\$1,763 million (+16.2 per cent.) to S\$12,664 million as at 31 March 2018, primarily arising from the increase in medium term notes payable (+S\$1,600 million) and sales in advance of carriage (+S\$791 million), partly offset by lower trade creditors (-S\$479 million), deferred revenue (-S\$152 million) and derivative liabilities (-S\$139 million).

The Group's liquidity position turned from net liquid assets (net liquid assets is defined as the sum of cash and bank balances and short-term investments, net of loans and bonds issued) of S\$2,353 million a year ago to a net debt of S\$401 million as at 31 March 2018, attributable to a reduction in cash and bank balances (-S\$812 million) and short-term investments (-S\$382 million), and an increase in total debt from the issuance of medium term notes (+S\$1,600 million). Total debt to equity ratio increased by 0.10 times to 0.24 times as at 31 March 2018.

Capital Expenditure and Cash Flow of the Group

Capital expenditure was S\$5,210 million, 32.1 per cent. higher than last year. Approximately 97 per cent. of the capital spending was on aircraft, spares and spare engines. Internally generated cash flow of S\$2,959 million (+9.3 per cent.) was approximately 60 per cent. of capital

expenditure. The increase in internally generated cash flow was mainly attributable to higher cash flow from operations, as well as higher proceeds from the disposal of aircraft, spares and spare engines.

FY2018/2019 compared to FY2017/2018

Group Revenue

Group revenue rose S\$517 million (+3.3 per cent.) year-on-year to S\$16,323 million, largely contributed by the Parent Airline Company and Scoot. The Parent Airline Company saw a robust gain in flown revenues (+S\$613 million), led by the passenger segment. All route regions reported healthy passenger flown revenue gains, with Europe, West Asia and Africa, and Americas in particular, benefitting from strong demand, more agile commercial practices and in the latter's case, the introduction of new non-stop services. Cargo revenue rose S\$45 million, as higher yields (+5.7 per cent.) sufficiently mitigated lower loads (-3.5 per cent.) on weaker trade conditions in the latter half of the fiscal year. However, the revenue growth was tapered by the absence of non-recurring incidental income, which pertained to changes in estimated breakage rates and member benefits for the KrisFlyer programme (S\$178 million), and compensation for changes in aircraft delivery slots (S\$65 million). Scoot's revenue growth was driven by higher passenger flown revenue, lifted by a 14.6 per cent. increase in passenger traffic from expanded operations. However, there was some dilution in yields (-1.7 per cent.), given the significant growth in capacity (+15.1 per cent.).

Group Expenditure

Group expenditure rose S\$999 million (+7.0 per cent.) year-on-year to S\$15,256 million. Fuel cost before hedging rose by S\$1,002 million, largely led by a US\$16 per barrel (+21.6 per cent.) increase in average jet fuel price, partially offset by a higher fuel hedging gain against last year (+S\$314 million), resulting in an increase of S\$688 million in net fuel cost (+17.6 per cent.). Non-fuel costs increased S\$311 million (+3.0 per cent.), mainly attributable to double-digit capacity expansion at Scoot and the induction of ultra long haul flights at the Parent Airline Company.

Group Operating Profit

The Group's operating profit declined S\$482 million to S\$1,067 million (-31.1 per cent.) for the financial year ended 31 March 2019. All major companies in the Group recorded weaker operating performance over last year. Singapore Airlines earned an operating profit of S\$991 million in the financial year, a S\$347 million reduction compared to last year. Scoot recorded an operating loss of S\$15 million for the fiscal year, a reversal from last year's operating profit of S\$78 million, as the cost of expansion outweighed revenue growth.

Net Profit for the Group

Net profit for the Group fell S\$619 million (-47.5 per cent.) to S\$683 million, largely driven by the weaker operating profit from higher fuel prices, and absence of non-recurring revenue recorded last year pertaining to KrisFlyer breakage rate and member benefit adjustments (S\$178 million), and compensation for changes in aircraft delivery slots (S\$65 million). Net profit was further impacted by non-operating items recorded in the year, including a S\$116 million share of losses of Virgin Australia, an associated company for the Group, whose results were impacted by a major non-cash accounting adjustments. The Group also took a S\$60 million charge in relation to SilkAir's re-fleeting costs for its transition from an Airbus to Boeing fleet, and restructuring costs incurred in preparation for the carrier's integration into SIA.

Financial Position

Equity attributable to owners of the company increased by S\$427 million (+3.3 per cent.) to S\$13,287 million as at 31 March 2019, largely due to net profit for the financial year (+S\$683 million), fair value movement on cash flow hedges (+S\$146 million) and lapse of employee share options (+S\$62 million), partially offset by payment of dividends (-S\$450 million). The fair value movement on cash flow hedges of S\$146 million was primarily attributable to the swing from fair value losses to gains in foreign exchange hedges, partially offset by fair value movements on outstanding fuel hedges.

Total Group assets increased S\$4,613 million (+17.8 per cent.) to S\$30,505 million. The increase was mainly due to an increase in property, plant and equipment (+S\$4,007 million), cash balances (+S\$376 million) and trade debtors (+S\$126 million). Property, plant and equipment increased largely due to asset acquisitions with the delivery of aircraft during the year as well as pre-delivery payments for aircraft on order. Cash balances rose primarily due to proceeds from borrowings, net of transactions costs (+S\$3,619 million), cash generated from operations (+S\$2,801 million) and proceeds from disposal and maturity of investments, net of additional acquisitions (+S\$52 million), offset by capital expenditure (-S\$5,562 million) and payment of dividends (-S\$450 million).

Total Group liabilities increased by S\$4,158 million (+32.8 per cent.) to S\$16,822 million as at 31 March 2019, primarily arising from the increase in borrowings and issuance of bonds (+S\$3,527 million), trade creditors (+S\$347 million) and sales in advance of carriage (+S\$273 million). Borrowings were higher largely due to loans drawn down by the Group (S\$2,280 million) and issuance of two million medium term notes (S\$1,350 million in aggregate).

The Group's net debt (net debt is defined as the loans and bonds issued, net of the sum of cash and bank balances and short-term investments) rose to S\$3,594 million as at 31 March 2019, S\$3,193 million higher than the prior year, attributable to an increase in total debt from the issuance of medium term notes (+S\$1,350 million) and loans drawn down (+S\$2,280 million) by the Group, partially offset by an increase in cash balances (-S\$376 million). Total debt to equity ratio increased from 0.24 times to 0.50 times as at 31 March 2019.

Capital Expenditure and Cash Flow of the Group

Capital expenditure was S\$5,562 million, 6.8 per cent. higher than last year. Approximately 98 per cent. of the capital spending was on aircraft, spares and spare engines. Internally generated cash flow of S\$3,116 million (+5.3 per cent.) was approximately 56 per cent. of capital expenditure. The increase in internally generated cash flow was mainly attributable to higher cash flow from operations, as well as higher proceeds from the disposal of aircraft, spares and spare engines.

9M2019/2020 compared to 9M2018/2019

Group Revenue

Group revenue grew S\$547 million (+4.5 per cent.) period-on-period to S\$12,795 million, attributable to stronger passenger flown revenue (+S\$754 million or +7.8 per cent.) on traffic growth of 7.8 per cent., partially offset by lower cargo revenue (-S\$250 million). Passenger load factor rose to 84.9 per cent. (+1.5 per cent.) as traffic outpaced capacity injection of 5.9 per cent.; notwithstanding the growth in capacity, RASK (revenue per available seat kilometre) improved 1.3 per cent. to 7.8 cents. Cargo flown revenue fell as both cargo yield and cargo load factor reduced, by 7.5 per cent. and 4.3 per cent. respectively, due to weak cargo demand amid continuing trade uncertainties and an export manufacturing slowdown in Europe and Asia.

Group Expenditure

Group expenditure rose S\$499 million (+4.4 per cent.) to S\$11,933 million, mainly due to higher non-fuel costs which were up S\$430 million (+5.4 per cent.), arising mainly from passenger capacity expansion (+5.9 per cent.). Net fuel costs were also up, by S\$69 million (+2.0 per cent.), contributed by an increase in fuel volume consumed (+3.6 per cent. or S\$146 million) on higher capacity, and a stronger USD against SGD, partially offset by a 2.6 per cent. lower fuel price after hedging (S\$107 million).

Group Operating Profit

Group operating profit for the nine months ended 31 December 2019 improved by S\$48 million (+5.9 per cent.) to S\$862 million. The improvement was led by the Parent Airline Company (S\$878 million, up S\$91 million or +11.6 per cent.) and SIAEC Group (S\$53 million, up S\$16 million or +43.2 per cent.), partially offset by weaker results from SilkAir (-S\$12 million, down S\$17 million) and Scoot (-S\$73 million, down S\$64 million).

SilkAir's revenue reduced primarily due to the grounding of the 737 MAX 8 fleet and the progressive transfer of routes to Scoot, despite growth of passenger traffic and RASK, and reductions in expenditure could not keep pace. Growth in Scoot's revenue, from growth in capacity and passenger load factor with stable RASK, could not keep pace with higher expenditure reflecting an enlarged fleet and costs associated with proactively reducing aircraft utilisation to improve operational resilience.

SIAEC Group's improvement in operating profit is attributable to more labour content during the period, and lower materials revenue, which carries a smaller mark-up.

Net Profit for the Group

Group net profit for the nine months ended 31 December 2019 rose S\$40 million (+8.3 per cent.) to S\$520 million, attributable to the higher operating profit (+S\$48 million) and an improvement in share of results from associates and joint ventures (+S\$71 million), partially offset by higher net finance charges (-S\$81 million). Net finance charges were higher due to the recognition of interest expense arising from lease liabilities upon the adoption of IFRS 16 *Leases*, and additional financing for fleet renewal and growth.

Financial Position

The Group adopted IFRS 16 leases on 1 April 2019. IFRS 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognises a right-of-use ("ROU") asset representing its right to use the underlying asset, and a lease liability representing its obligation to make lease payments.

The Group applied the modified retrospective approach. Therefore, the cumulative effect of adopting IFRS 16 is recognised as an adjustment to the opening balance of retained earnings at 1 April 2019, with no restatement of comparative information.

The impact to the statement of financial position at 1 April 2019 is a S\$793 million decrease in equity, S\$2,283 million increase in liabilities (+S\$2,187 million lease liabilities, +S\$260 million provisions and -S\$164 million other liabilities) and S\$1,490 million increase in assets (+S\$1,708 million ROU assets and -S\$218 million other assets).

Equity attributable to owners of the company decreased by S\$1,137 million (-8.6 per cent.) to S\$12,150 million as at 31 December 2019 largely due to the adoption of IFRS 16 (-S\$793 million), and fair value movement on cash flow hedges (-S\$512 million), payment of FY2019/20 interim dividend and FY2018/19 final dividend (-S\$356 million), partially offset by profit for the period (+S\$520 million).

Total Group assets increased by S\$2,133 million (+7.0 per cent.) to S\$32,638 million. The increase was mainly attributable to an increase in property, plant and equipment (+S\$2,899 million) and right-of-use assets (+S\$1,536 million), offset by the decrease in cash and bank balances (-S\$1,373 million) and derivative assets (-S\$406 million). The reduction in cash balances arose primarily from capital expenditure (-S\$4,114 million), repayment of borrowings (-S\$525 million), repayment of lease liabilities (-S\$432 million) and payment of FY2019/20 interim and FY2018/19 final dividend (-S\$356 million), partially offset by cash generated from operations (+S\$2,572 million) and proceeds from borrowings (+S\$1,540 million).

Total Group liabilities increased by S\$3,268 million (+19.4 per cent.) to S\$20,090 million as at 31 December 2019, primarily arising from the increase in lease liabilities (+S\$1,962 million), borrowings (+S\$1,010 million) and derivative liabilities (+S\$231 million).

The changes in right-of-use assets, lease liabilities and associated companies were due to the adoption of IFRS 16.

Capital Expenditure and Cash Flow of the Group

Capital expenditure for the nine months ended 31 December 2019 was S\$4,114 million, 10 per cent. lower than the same period last year. Approximately 98 per cent. of the capital spending was on aircraft, spares and spare engines. Internally generated cash flow of S\$2,696 million (+33.2 per cent.) was approximately 66 per cent. of capital expenditure. The increase in internally generated cash flow was mainly attributable to higher cash flow from operations.

REVIEW OF WORKING CAPITAL

The working capital of the Group as at as at 1 April 2017, 31 March 2018, 31 March 2019 and 31 December 2019 are as follows:

	As at 1 April 2017 (Audited)	As at 31 March 2018 (Audited)	As at 31 March 2019 (Audited)	As at 31 December 2019 (Unaudited)
(in S\$' million)				
Total current assets	5,698.7	4,967.0	5,499.7	3,756.0
Total current liabilities	6,304.9	6,565.7	7,378.4	8,439.6
Net current liabilities	(606.2)	(1,598.7)	(1,878.7)	(4,683.6)

31 March 2018 compared to 1 April 2017

The Group's current assets decreased year-on-year by S\$732 million to S\$4,967 million as at 31 March 2018 due to a decrease in cash and bank balances (-S\$812 million) and investments (-S\$382 million), offset by an increase in derivative assets (+S\$266 million) and trade debtors (+S\$258 million). The Group's current liabilities increased year-on-year by S\$261 million to S\$6,566 million as at 31 March 2018 due to an increase in sales in advance of carriage (+S\$791 million) offset by the decrease in trade and other creditors (-S\$479 million).

31 March 2019 compared to 31 March 2018

The Group's current assets increased year-on-year by S\$533 million to S\$5,500 million as at 31 March 2019 due to an increase in cash and bank balances (+S\$376 million) and trade debtors (+S\$126 million). The Group's current liabilities increased year-on-year by S\$813 million to S\$7,378 million as at 31 March 2019 due to the increase in trade and other creditors (+S\$347 million), sales in advance of carriage (+S\$273 million) and borrowings (+S\$211 million).

31 December 2019 compared to 31 March 2019

The Group's current assets decreased by S\$1,744 million to S\$3,756 million as at 31 December 2019 due to the decrease in cash and bank balances (-S\$1,373 million), trade debtors (-S\$283 million) and derivative assets (-S\$119 million). The Group's current liabilities increased by S\$1,061 million to S\$8,440 million as at 31 December 2019 due to an increase in borrowings (+S\$604 million) and lease liabilities (+S\$460 million).

The Group's negative working capital arose largely from the collection of cash in advance of services provided. Excluding the liabilities under "sales in advance of carriage", the Group's working capital would be -S\$2,041 million as at 31 December 2019. Nevertheless, the Group generated positive cashflow from operations, and has undrawn committed lines of credit of S\$1,581 million to underpin security of operations.
