## SUMMARY OF AUCTION PROCESS

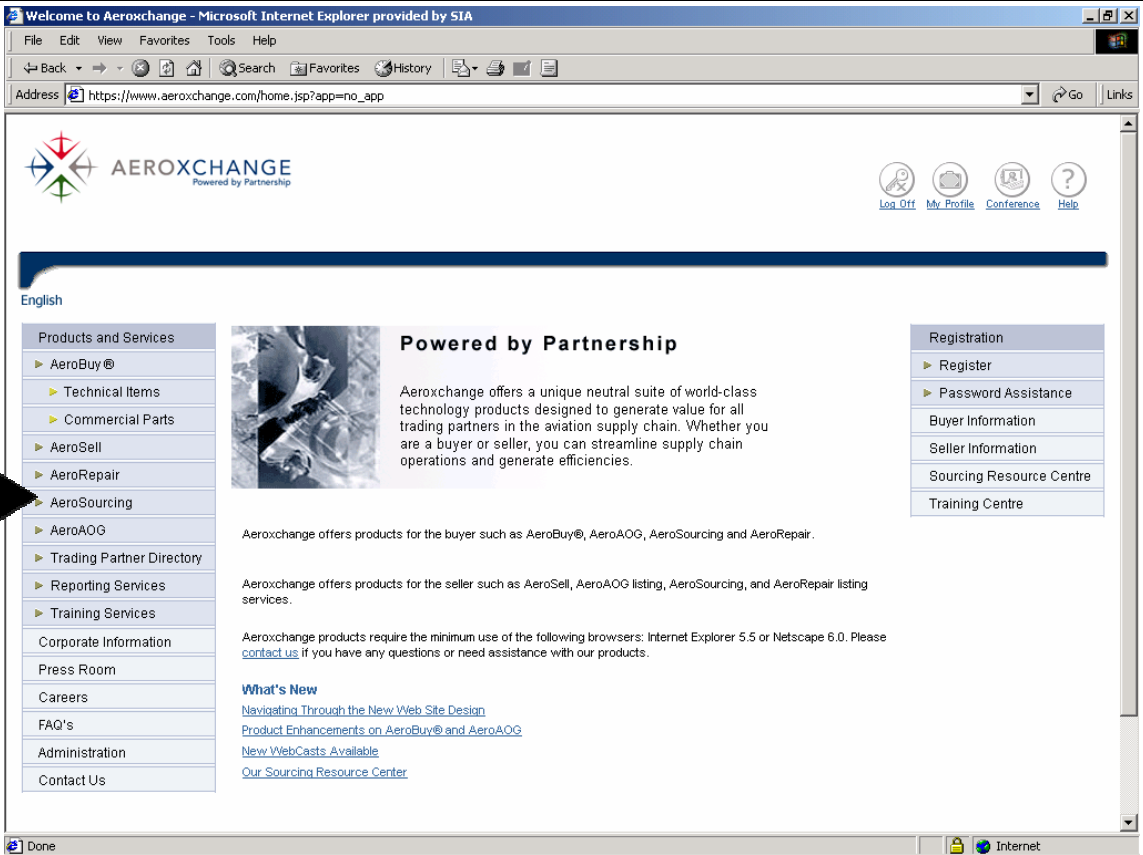

## AUCTION BIDDING PROCESS

As a buyer/seller, you can review and bid on auctions posted on Aeroxchange by other buyers/sellers. In private auctions, you can bid on auctions to which you have an invitation. You can locate your Auction in Aeroxchange either through the **normal log on process** or through the **invitation email (applicable for private auctions)**.

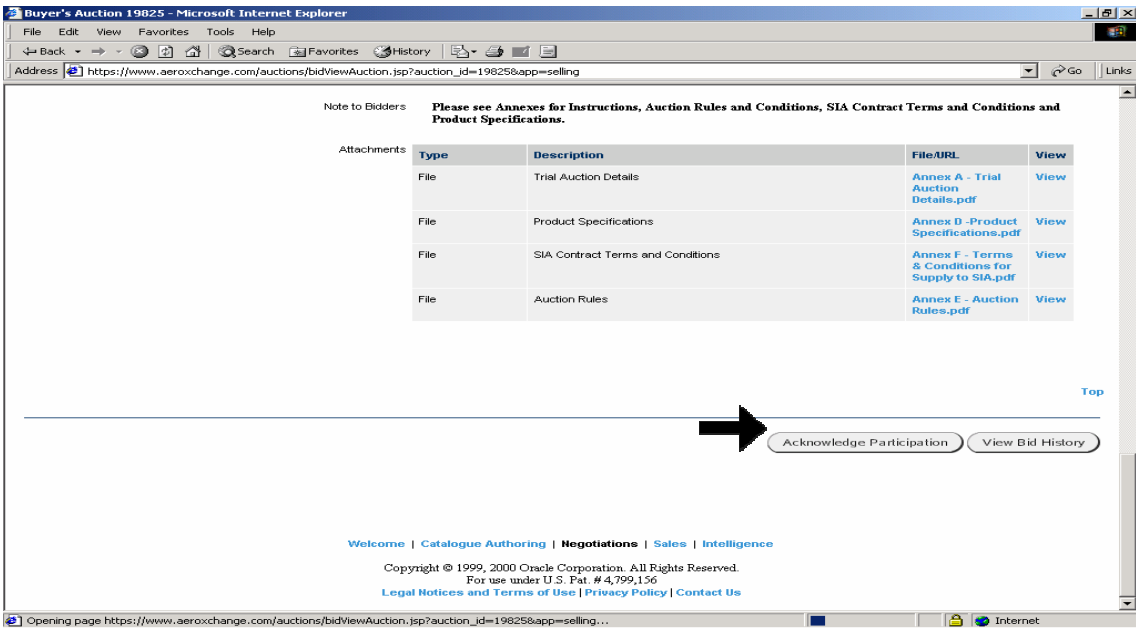

### Normal Log on to Aeroxchange

Step	Action
1	Launch your Internet browser.
2	Type <b>www.aeroxchange.com</b> in the <b>Address</b> field and press the <b>Enter</b> key.
	
3	The <b>Aeroxchange</b> home page displays. Click on the <b>LOG ON</b> button. Enter your <b>username</b> and <b>password</b> into the logon boxes. Click on the <b>GO</b> button.
	

**Locate Auction through Normal Log on**

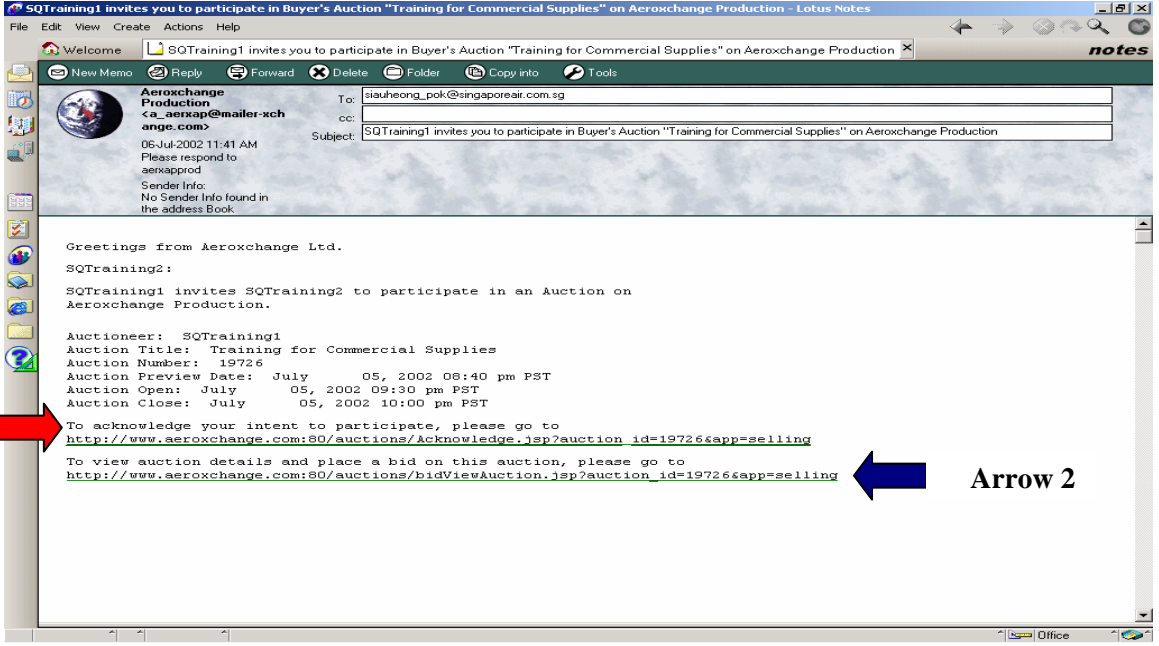

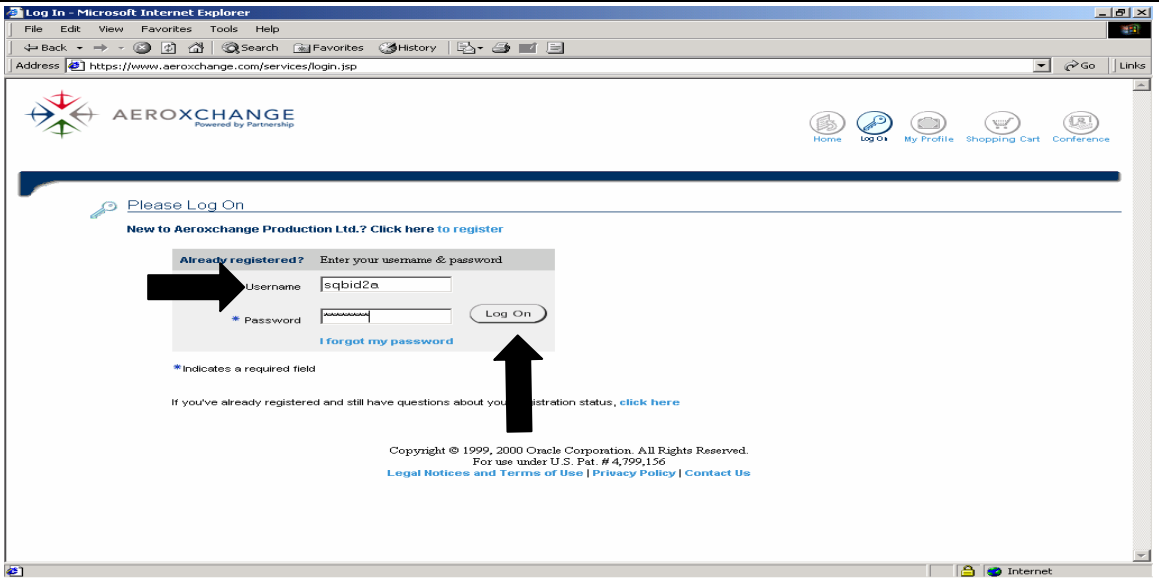

Step	Action
4	<p>Click on the <b>AeroSourcing</b> link.</p> <p>NOTE: In a Buyer's auction, the suppliers will click on the AeroSell link. In a Seller's auction, the participants would click on the AeroBuy link.</p>
	

Step	Action
5	<p>The <b>AeroSourcing Negotiations</b> page displays.</p> <p><b>Buyers View</b> – This is the default view for this page. The Buyer's view displays any Negotiation events that you created. This view also shows any Seller events such as an auction in which you were invited to participate.</p> <p><b>Sellers View</b> - If you are a seller, click on the <b>Sellers View</b> link to display your negotiation events.</p>
6	<p>The <b>AeroSourcing Negotiations Sellers View</b> page displays. There are three types of negotiations: Auctions, RFQ's/Quotations, and Offers.</p> <p>The <b>You're Invited</b> section will display all negotiation events in which you are participating.</p> <p>To view the Buyer's Auction example, click on the <b>auction number link</b> in the Negotiation column.</p> <p><b>Note:</b> Review the Find Negotiations information to identify different methods for finding the negotiations in which you are interested.</p>

Step	Action																				
	<p>Click on button <b>ACKNOWLEDGE PARTICIPATION</b>.</p>  <p>The screenshot shows a web browser window titled "Buyer's Auction 19825 - Microsoft Internet Explorer".  A table with 1 row is shown, with columns: Line, Item Description, Category, Rank, Best Price, Bid Price, Proxy Minimum, Quantity, Promise Date, Price, Quantity, and Need-By Date. The first row contains: 1, Knitted Socks - Stretchable, Miscellaneous, 1, 44.80, 44.60, 34,000 (Carton), 34,000 (Carton), On or after 01-10-2002. A red box highlights the 'Best Price' and 'Bid Price' columns. Below the table, there is a 'Ship-To Address' section for 'Commercial Supplies Department, Singapore Airlines Limited, 60 Loyang Way, Singapore, 508751, Singapore'. A 'Note to Bidders' section says 'Please refer to Annex E for Product Specifications'. There is an 'Add Attachments' link. At the bottom, there are buttons: 'Continue', 'Clear Changes', 'Bid By Spreadsheet', 'AutoRefresh On', and 'View Auction'. A large black arrow points from the 'Continue' button to the 'Bid Price' column. The footer includes links for 'Welcome', 'Catalogue Authoring', 'Negotiations', 'Sales', and 'Intelligence', along with copyright information for Oracle Corporation.

Step	Action
7	<p>The <b>Review Bid for Buyer's Auction</b> page displays. Carefully review your bid. Click on <b>SUBMIT</b> button to confirm submission of bids.</p> <p><b>NOTE:</b> Use your browser's <b>Back</b> button if you need to change any bid information.</p>
8	<p>Click the <b>Submit</b> button.</p> 

## Bid Confirmation

Step	Action
9	<p>The <b>Bid Confirmation</b> page displays.</p> <p>Click the <b>AutoRefresh the bidding in this auction</b> link to return to the auction.</p> <p><b>NOTE:</b> The Bid number displayed is automatically generated by the system.</p>
	

**Re-bid**

As you monitor the auction you are participating in, you may re-bid on previously bid items.

Step	Action
10	To re-bid on one or more items, click the <b>Place Bid</b> button at the bottom of the page.

**NOTE:** The AutoRefresh Interval gives you an optional time for refreshing data. When an auction is hours away from closing, you might want to set the AutoRefresh for an extended period of time. As the time nears for the auction to close, you will definitely want to set the AutoRefresh to 30 seconds or less in order to send and receive the most current data.

**NOTE:** A bid status of '1' means you have the lowest bid. The actual awarding of a contract may depend on meeting other specific criteria such as reserve price.

Step	Action
11	The original bids are displayed in the Bid Price column. Do <b>not</b> remove an original bid price unless you are re-bidding on that item. Remember do not use a dollar sign (\$) when typing the Bid Price.
12	The <b>Review Bid</b> page displays. Carefully review your bid. Click the <b>Submit</b> button.
13	Click the <b>AutoRefresh the bidding in this auction</b> link to return to the auction.

## Proxy Bidding

You can elect to proxy bid on any (or all) item(s). By activating proxy bidding, you allow the Aerexchange system to automatically rebid on your behalf whenever a competing bid price beats your bid price. If you enable proxy bidding, you must set an initial bid price and then set a Proxy Minimum Bid. If the Auction is not set up with a price decrement, you will have to set a proxy bid decrement. If the Auction has a set price decrement, this will automatically become the proxy bid decrement amount for each automatic rebid. If the bidding in an auction goes below your minimum proxy bid price before the auction closes, you can either begin a new round of proxy bidding or return to manual bidding. In any auction of more than one item, you can elect to use both proxy and manual bidding in tandem for different auction items.

**Note:** The Proxy Minimum Bid amount is only viewable by you.

Steps	Action
1	The <b>Bid for Auction</b> page displays. Scroll down to the <b>Auction Items</b> section.
2	Review the <b>Proxy Bid Decrement</b> . In this example, there is a bid price decrement of \$0.20. Therefore, the Proxy Bid Decrement is automatically set at \$0.20.  <b>Note:</b> If there was no proxy bid decrement, then you must enter a decrement amount.
3	Go to the <b>Proxy Minimum Bid</b> column. Type in a new bid price of 42 and type 40 into the <b>Proxy Minimum Bid</b> field.
4	Click the <b>Submit Bid</b> button at the bottom of the page. At the Review page, click the <b>Submit</b> button to confirm the proxy bids.

### Spreadsheet Bidding

The Auctioneer will either provide you with a Bid Spreadsheet prior to the Auction or instruct you to download the Bid Spreadsheet directly from the Auction. This spreadsheet lists information concerning all items open for bid. Use this spreadsheet to enter your Bid Price and Proxy Minimum Bid amounts. Once the spreadsheet is complete, you will save it as a Text (tab delimited) file using Microsoft Excel. Then you will log on to Aeroxchange, enter the Auction, and import the bid spreadsheet to place your bid(s).

### Downloading the Bid Spreadsheet

Step	Action
1	Click on the <b>AeroSourcing</b> link and the <b>Sellers View</b> link to display the auction information.
2	Click the <b>auction number</b> link in the <b>You're Invited</b> section to open up the auction.

The screenshot displays the AeroSourcing Sellers View interface. On the left, a 'Find Negotiations' sidebar guides the user through three steps: selecting what to find, choosing negotiation types, and specifying search criteria. The main area shows 'Negotiations at a Glance' and 'You're Invited!' sections, both featuring tables of active negotiations. A large black arrow indicates the flow from the search sidebar to the 'You're Invited!' section.

### ***Auto Extension of Auction***

Some auctions automatically extend beyond the planned end time if a new best bid price is received during the final minutes. The auctioneer specifies the length of time for which the auction extends when creating the auction. The time left for the auction is always displayed on the **AutoRefresh** page.

Below is an example from the **Auctioneer's Set Up** page explaining how the Auto Extension works:

#### How does it work?

Assume **unlimited** autoextensions of **10** minutes each from the **current scheduled auction close time**

Scheduled auction close: May 21, 5:00 PM

A winning bid is received on May 21 at 4:51 PM. Auction autoextends to 5:10 PM

A winning bid is received on 5:09 PM. Auction autoextends to 5:20 PM

No more bids are received.  
The auction closes at 5:20 PM

## GLOSSARY OF TERMS

Term	Definition
Auction Currency	The currency the auctioneer used when creating the auction.
Auction Item Status Table	The table displays the counts of No Bid, Fully Bid, and Partially Bid items in the auction, based on whether they are open for bidding or closed for bidding.
Auction Value	The Auction Value is the sum total price for all auction items when the items are calculated as Bid Start Price (per item) multiplied by Quantity Requested.
Bid	Refers to a response to an RFQ, which may be realized as a traditional quote or a bid in an auction.
Bid Currency	The currency bidder used for the bid. This can be different from the auction currency if specified by the auctioneer.
Bid Quantity	The Bid Quantity is the quantity of a given item a supplier bids.
Bidders Status Table	This table lists all of the bidders who were explicitly invited to bid on the auction (whether or not they have actually bid on the auction). If the auction is open to all bidders, the table also includes bidders who have bid without an invitation.
Blind Auction	During a blind auction, only the auctioneer can see the bids in the auction.
Buyer's Auction	Refers to an invitation to bid where the requestor states their requirements (RFQ) and the Suppliers bid to satisfy the requirements or contract.
Exchange	The Aerexchange marketplace exchange.
FOB	Freight On Board
Fully Bid Item	Fully Bid items are auction items for which the lowest bid satisfies the full quantity requested by the buyer.
Lowest Bid (in Bid Status Table)	The Lowest Bid equals the Bid Price for an item multiplied by the Bid Quantity. The Lowest Bid appears in the Bidder Status Table where the bidder has the lowest bid price for an item.
No Bid Amount	The No Bid Amount is the sum total of the quantity requested of No Bid Items multiplied by the Bid Start Price, plus quantity items multiplied by the Bid Start Price. The number of Quantity Unfulfilled items is the difference between Quantity Requested (by the Buyer) and Bid Quantity (by the Supplier). To calculate the No Bid Amount, multiply the Quantity by the Bid Start Price of all No Bid items and/or Quantities.
Open Auction	All bids are publicly visible, although bidders' identity is not revealed to anyone but the auctioneer.
P-card	Procurement Card – company card used to charge goods and services.
Partially Bid Item	Partially Bid items are auction items for which the lowest bid does not satisfy the full quantity requested by the buyer.
Potential Savings	The Potential Savings for an auction is equal to the sum of all of the Start Prices (Bid Start Price multiplied by Bid Quantity) on an auction subtracting the sum of all of the Lowest Bids (Lowest Bid Price multiplied by the Bid Quantity) on the auction.
Private Bidding	Auction participants must be explicitly invited to participate by the auctioneer. Uninvited buyers or suppliers may not view or bid in the auction. Opposite of Public Bidding.
Public Bidding	An auction is published and anyone who sees it can bid. Opposite

Term	Definition
	of Private Bidding.
Savings Percent	The Savings Percent is equal to the Potential Savings value divided by the Auction Value, multiplied by 100.
Sealed Auction	Neither auctioneer nor the bidders in an auction can see the bids until the bids are unlocked.
Seller's Auction	Auction where sellers offer goods and services for buyer bidding.
Sourcing	Process of identifying and contracting with a supplier to provide goods or services.
Start Price (in Bidders Status Table)	The Start Price equals the Bid Start Price for an item multiplied by Bid Quantity. The Start Price appears in the Bidder Status table where the bidder has the lowest bid price for an item.
Trading Partner	Companies that have registered as trading partners on Aeroxchange.
UOM	Unit of Measure
Win	Win in this instance indicates the lowest dollar bid. The awarding of the contract is generally dependent upon other factors than just price alone. The buyer will determine the awarded bid.
