The culmination of 22 Marvel Studios movies over 11 years, Avengers: Endgame ends the Avengers franchise on a high note.

The part of the journey is the end, and the end has come, in grand fashion, for Marvel Studios’ Avengers franchise. Building on years of interconnected stories and leveraging the strong attachment that audiences have formed to the characters, Marvel Studios produced its 22nd and biggest movie yet: Avengers: Endgame.

The movie picks up where Avengers: Infinity War left off, with our heroes broken and defeated. The intergalactic warlord Thanos (Josh Brolin) had achieved his goal of annihilating half of all life in the universe. The heroes who survived the decimation include the founding Avengers: Tony Stark/Iron Man (Robert Downey, Jr.), Steve Rogers/Captain America (Chris Evans), Thor (Chris Hemsworth), Bruce Banner/the Hulk (Mark Ruffalo), Natasha Romanoff/Black Widow (Scarlett Johansson), and Clint Barton/Hawkeye (Jeremy Renner).

When Scott Lang/Ant-Man (Paul Rudd), who was trapped in the Quantum Realm in Ant-Man And The Wasp, returns with a possible solution to the chaos, the Avengers attempt to pick up the pieces, resolving to undo the damage that Thanos has wrought.

At the time of writing, Endgame had made over US$2.7 billion at the worldwide box office and was the second highest-grossing film of all time behind Avatar. It’s easy to see why. While the movie delivers the outsized spectacle expected of a mega-budget blockbuster, it is also unabashedly emotional and is unafraid to simply let conversations between two characters unfold. As the culmination of a 22-movie cycle, Endgame resolves hanging threads neatly, wrapping up character arcs for long-time Marvel Cinematic Universe mainstays like Iron Man and Captain America. That said, the movie does not skimp on the pulse-quickening stuff – the climactic seven-minute-long battle is easily one of the most thrilling action sequences in blockbuster history.

Directors Joe and Anthony Russo have expressed gratitude for the opportunity to helm this final chapter of the Avengers franchise. “With Endgame, we get the opportunity to finish off one of the grandest experiments in movie history, and bring it to an epic conclusion,” Joe Russo told Collider. “What we’re hoping for is that people feel satisfied with the conclusion.”

If the staggering box office earnings and rave reviews are any indication, Avengers: Endgame has certainly closed an era of the Marvel Cinematic Universe in a blaze of glory.

**WORD UP!**

In this buoyant superhero comedy from DC that brims with playfulness, young Billy Batson transforms into a superpowered, grown-up version of himself when he utters the magic word “Shazam!”! The orphaned Billy is placed in a group home and befriends his foster brother Freddy, who helps him forge his superhero identity. As Shazam, Billy must defeat Thaddeus Sivana, an evil scientist who believes he should have the powers that Billy does.

---

**FLY ME TO THE MOON**

The 39th film in the beloved Doraemon franchise features Nobita and company in an otherworldly adventure. Nobita claims to have seen the moon turn yellow, and his friends don’t believe him until our favourite robot cat Doraemon transports them to the lunar surface. They discover a long-lost civilisation on the moon and its connection to a mysterious exchange student, and must defend the lunar city from the tyrannical Diabolo.

*Watch Doraemon: Nobita’s Chronicle Of The Moon Exploration on movie channel 031*

---

**GRAVE CONSEQUENCES**

Adapted from the Stephen King novel of the same name, *Pet Sematary* finds Dr Louis Creed moving into a small town in Maine with his wife and two young children. In the woods near their home is a cemetery called Pet Sematary, which has unearthly properties. Louis uses it to revive his cat after it dies. After another tragedy strikes, Louis ignores the warnings of groundskeeper Jud Crandall, unleashing the power of the cemetery to bring back the dead. He learns the hard way that sometimes, dead is better.

*Watch Pet Sematary on movie channel 002*

---

**SEARCHING FOR HOME**

The animated adventure film *Missing Link* chronicles the exploits of explorer Sir Lionel Frost. It is 1886, and Frost reunites with his former flame Adelina Fortnight for a peculiar mission: to escort the Sasquatch Mr Link to the Himalayas in search of his relatives, the Yetis. Heartwarming, funny, and eye-catching, the film features a combination of stop-motion and digital animation, making for a distinct visual style.

*Watch Missing Link on movie channel 067*
After 12 seasons, pop-culture phenomenon The Big Bang Theory comes to a warm, fuzzy end, while spin-off series Young Sheldon tracks the origins of a fan-favourite character.

When The Big Bang Theory premiered on television in 2007, it established itself as an outlier. ‘Nerd culture’ hadn’t yet conquered the world – movies certainly weren’t revolving around comic books and science fiction just yet – so it felt radical for a show to celebrate it so unabashedly. Seeing four bookish scientists – Sheldon, Leonard, Raj, and Howard – talk about physics and nerdy interests could have made for boring TV. Instead, people were drawn to these refreshingly uncool characters.

Few saw the massive success of the show coming – even CBS, the network the show originally aired on. The pilot episode was turned down by studio executives, and had to be reshoot before it was given the green light. Fast forward to 2019, and The Big Bang Theory has concluded its 12th and final season. From drawing slightly more than eight million viewers per episode in its first season to pulling in more than 20 million per episode at its peak, the multi-Emmy-winning show has grown from surprise hit to full-on pop culture juggernaut.

Besides growing in viewership numbers, the show also envisioned a world that gradually came to pass. Geek interests seeped into pop culture. Comic-book movie adaptations became mainstream. And everyone became obsessed with Star Wars again.

TBBT wrapping up after 12 seasons has left a giant nerd-shaped hole in fans’ hearts. Thankfully, it concluding does not spell the end for amusing EQ-challenged antics on TV. Spin-off series Young Sheldon does just as good a job milking the social awkwardness of fan-favourite character Sheldon Cooper for laughs. The series, which is set in 1989-1990, follows a nine-year-old Sheldon as he attends high school in the fictional town of Medford, Texas, and tries to fit in. Jim Parsons, who plays the character in TBBT, narrates Young Sheldon.

Those who followed TBBT will find plenty of Easter eggs in Young Sheldon, including the origins of Sheldon’s “Soft Kitty” lullaby song. Sheldon’s grandmother Meemaw (or rather, her younger version) also appears on the show. But Young Sheldon is a completely separate beast from its predecessor. It’s more dramatic, and contains more warm, intimate moments; its period setting also lends it a sense of nostalgia.

TBBT, and now Young Sheldon, have come a long way in changing the way we look at geeks or social outcasts. Because of The Big Bang Theory, being a nerd has gone from being acceptable to being something to embrace – and its legacy is one that will continue to endure.

KEEPCING SCORE

Every football lover knows about the UEFA Champions League, one of the most iconic sports tournaments in the world, and the most prestigious club competition in European football. And just because the 2018-2019 season of the Champions League has ended doesn’t mean fans have to deal with football withdrawal symptoms – they can relive the season’s best action with the Season Review, including highlights from the final match between Tottenham Hotspur and Liverpool on 1 June.

A NEW ACT

The Emmy-winning comedy Barry returns for its second season, in which jaded hitman Barry Berkman’s (Bill Hader) violent past continues to derail his efforts to forge a new life as an actor. This season continues to mine the show’s inherently absurd premise for laughs, and picks up where season one’s finale left off: Barry’s acting coach Gene, mourning the murder of his sort-of girlfriend Janice, has lost the motivation to teach and direct his class. Meanwhile, Barry tries to convince the class to perform despite this.

Watch Barry S2 on TV channel 086

UNBURYING THE PAST

HBO’s harrowing but compelling smash hit Chernobyl retells the events of the eponymous 1986 nuclear disaster, capturing the tension and emotions experienced by the people who had to deal with the situation. Considering how many details of the nuclear accident – one of the worst in history – still remain shrouded in secrecy, the show is an exercise in excavating the truth. Creator Craig Mazin spent two and a half years researching for Chernobyl, making sure to get as many facts correct. “I try my best to live by the principle that if you’re going to be telling a story that you didn’t live, tell it with as much respect as you can for the people who did live it. And this is one of the ways we show respect: by getting the details right,” Mazin tells Vice. The attention to detail and masterful writing have paid off: viewers have rated Chernobyl the highest-scored television series in history, according to over 100,000 votes on IMDb.

Watch Chernobyl on TV channel 096

LAW AND ORDER

The BBC series Line Of Duty is a cat-and-mouse thriller that takes a probing look into modern policing and corruption. Created by Jed Mercurio (who also created the mega Netflix hit Bodyguard), Line Of Duty broke records – its first season was BBC Two’s best performing show for more than a decade, earning over four million viewers. Now it is back for its fifth season, which follows a group of law enforcers as they investigate an organised crime group with links to a missing undercover officer.

Watch Line Of Duty S5 on TV channel 098
Miley Cyrus shows a remarkably assured side with her latest EP She Is Coming, blending disparate music influences together seamlessly.

In 2013, on her fourth studio album Bangerz, Miley Cyrus took a wrecking ball to her then-still-wholesome image. Adopting a wild-child persona, she traded acoustic guitars for a sound she described as “dirty south hip-hop”. Yet, suspicion dogged her: several people in the black community felt wary about her sudden entry into hip-hop, including rap star Nicki Minaj, who accused her of using the genre as a mere accessory to look cool. Then, when Cyrus gave an interview to Billboard in 2017, she distanced herself from hip-hop, slamming contemporary rap as sexist and vulgar, and saying that she couldn’t listen to it anymore. It seemed, naturally, that many people’s (including Minaj’s) worries were confirmed.

Miley has since apologised for her comments, insisting that they were taken out of context. Musically, her commitment to hip-hop remains visible on her latest effort, She Is Coming, with popular rappers such as Swae Lee and Ghostface Killah lending their voices (and star wattage) to the record. With its mix of six breezy rock-, country-, and hip-hop-inflected pop songs, from the feminist anthem “Mother’s Daughter” to the provocative (and Minaj-baiting) “Cattitude”, She Is Coming reveals a woman in confident control of her various influences and her self-image. The EP closes on the stirringly authentic “The Most”, but the most exciting aspect of She is Coming is the mature artist it promises to give us for years to come.

Listen to She Is Coming on audio channel 006

Snapchat followers of DJ Khaled might know him as the poster boy of positivity. A typical day, as showcased on social media, sees the Miami man flaunting the blessings of celebrity – private jet, ski adventures, personal chefs, etc. – while reminding everyone of the virtues of faith and hope. In recent times, however, Mr “Bless-Up” has found it harder to remain positive, with news emerging that he intends to sue Billboard after Father Of Asahd debuted at runner-up behind Tyler, The Creator’s IGOR on the Billboard 200, massive sales and gold certification notwithstanding. Controversy aside, Father Of Asahd contains plenty to get excited over, including its gospel-tinged track “Higher”, which features the late Nipsey Hussle. There’s also a murderers’ row of musical talent that make cameos here, including Lil Wayne, SZA, Nas, Cardi B, and John Legend, among others.

Listen to Father Of Asahd on audio channel 007
We sit down with popular local band The Sam Willows – comprising siblings Benjamin and Narelle Kheng, Sandra Riley Tang, and Jonathan Chua – to ask them about their musical journey and learn some fun facts about them.

ON THEIR ALTERNATIVE CAREER CHOICES...
JONATHAN: I think I would be a politician.
NARELLE: I would be a therapist.
SANDRA: I would be in the circus.
BENJAMIN: I would either be Jon’s opposing politician or Sandra’s ringmaster. *laughs*

ON THEIR FAVOURITE FOOD...
JONATHAN: My favourite food is chicken rice.
NARELLE: I was going to say chicken rice!
SANDRA: Collectively it’s…
ALL: …Chicken rice!
BENJAMIN: Anything with gula melaka (coconut palm sugar), that’s very unique.
SANDRA: Chicken rice and gula melaka!
*Pauses* No, don’t do that.
BENJAMIN: Yeah, that’s very weird.

HOW THEY DESCRIBE THEIR SOUND...
BENJAMIN: Chicken rice and gula melaka! *laughs*
SANDRA: It’s a strange mix, but sometimes it works!
NARELLE: Sweet and savoury, like life.
BENJAMIN: Like our music.

ON THEIR FAVOURITE PERFORMANCE SO FAR...
NARELLE: I think for me – and I think I speak for the band here – our favourite performance is the 2016 Take Heart Concert. Because that was ours. We did it, start to finish. We choreographed it (with help of course). It was so great to have a huge crowd there just singing our songs, and I don’t know if we’ve experienced a better stage in our lives.

ON SINGAPORE’S MUSIC SCENE...
BENJAMIN: We’re in a very good and healthy spot right now. [There are] a lot of artistes who are not signed to major labels, but who are making waves. Everyone is sort of helping and promoting one another. As usual, though, more can be done.

ON MAKING IT TO THE FORBES 30 UNDER 30 LIST...
BENJAMIN: To be honest, the Forbes 30 under 30 was a surprise to even us. But we don’t want to stop to smell the roses; we just want to keep doing more. It’s cool to go “hey, our efforts are recognised”. But that by no means mean that we’re rich or successful. I think it just goes to show that we’ve worked hard and that there’s more to do.

ON THE SAM WILLOWS TAKING A BREAK, AND WHAT TO EXPECT FROM EACH OF THEM...
BENJAMIN: We’re taking a little break and all the members of The Sam Willows are going to embark on different projects. Some of us will be working on solo music projects. You can keep up with us on social media.
JONATHAN: We want to explore our individual sound. The sound might have some similarities to The Sam Willows, and there might be some differences, but it’s a good opportunity for us to improve ourselves as artists. It’s a journey [we’re all going] on individually, and when we come back, it’ll be great.

Listen to The Sam Willows’ curated playlist on audio channel 005, and our Made In Singapore playlist on audio channel 003.

Avengers: Endgame

The culmination of 22 Marvel movies, Avengers: Endgame picks up after the events of Avengers: Infinity War. With the world in ruins, Earth’s mightiest heroes assemble once more to undo Thanos’ actions and bring their friends back.
002 Pet Sematary

Jason Clarke, Amy Seimetz
Thriller / 101 mins / 📏 🌵 Ⓞ / e, Ⓢ, Ⓡ / A H

After Dr. Louis Creed relocates with his wife and their two young children to rural Maine, he discovers a mysterious burial ground hidden deep in the woods near the family’s home.

003 Teen Spirit

Elle Fanning, Rebecca Hall
Drama / 92 mins / 📏 🌵 Ⓞ / e, Ⓢ, Ⓡ

Violet is a shy teenager who dreams of pursuing her passion to sing. With the help of an unlikely mentor, she enters a singing competition that will test her integrity, talent, and ambition.

004 Little

Regina Hall, Issa Rae
Comedy / 109 mins / 📏 🌵 Ⓞ / e, Ⓢ

A woman is transformed into her younger self at a point in her life when the pressures of adulthood become too much to bear.

005 Tolkien

Nicholas Hoult, Lily Collins
Drama / 111 mins / 📏 🌵 Ⓞ / e, Ⓢ, Ⓡ / A

A look at the formative years of the orphaned author as he finds friendship, love, and artistic inspiration among a group of fellow outcasts at school.

006 The Best Of Enemies

Taraji P. Henson, Sam Rockwell
Drama / 132 mins / 📏 🌵 Ⓞ / e, Ⓢ, Ⓡ / A

Civil rights activist Ann Atwater faces off against C.P. Ellis, a Ku Klux Klan leader, in 1971 Durham, North Carolina over the issue of school integration.

007 Kursk

Matthias Schoenaerts, Léa Seydoux
Action / 117 mins / 📏 🌵 Ⓞ / Ⓢ / A L

Based on the story of the 2000 Kursk submarine disaster, this movie follows the final hours of a Russian nuclear submarine as it sinks to the bottom of the Barents Sea.

008 All Is True

Kenneth Branagh, Judi Dench
Drama / 101 mins / 📏 🌵 Ⓞ / Ⓢ / A L

A look at the final days in the life of renowned playwright William Shakespeare.

009 Red Joan

Judi Dench, Sophie Cookson
Drama / 101 mins / 📏 🌵 Ⓞ / Ⓢ / A V

Joan Stanley is a widow living out a quiet retirement in the suburbs when, shockingly, the British Secret Service places her under arrest.

010 Stockholm

Mark Strong, Noomi Rapace
Comedy / 92 mins / 📏 🌵 Ⓞ / Ⓢ, Ⓡ / L V

Based on the absurd but true 1973 bank heist and hostage crisis in Stockholm that was documented in The New Yorker as the origins of ‘Stockholm Syndrome’.

011 The Clovehitch Killer

Dylan McDermott, Charlie Plummer
Drama / 109 mins / 📏 🌵 Ⓞ / / A L V

A teenage boy starts to suspect that his wholesome, all-American dad is actually the serial killer terrorising their small town.

012 Alita: Battle Angel

Rosa Salazar, Christoph Waltz
Action / 121 mins / 📏 🌵 Ⓞ / e, Ⓢ, Ⓡ / L

A female cyborg awakens to a world she does not recognise, with no memory of who she is, and is taken in by a kind cyberphysician who realises that she has an extraordinary past.
013 Us
Lupita Nyong’o, Winston Duke
Thriller / 116 mins
A family’s summer getaway takes a nightmarish turn when they encounter terrifying doppelgängers of themselves.

016 Une intime conviction
Marina Foïs, Olivier Gourmet
Drama / 110 mins / e / e
Jacques Viguier est accusé du meurtre de sa femme mais Nora est convaincue de son innocence.

017 Edmond
Thomas Solivères, Olivier Gourmet
Comedy / 113 mins / e / e
Edmond accepte d’écrire une comédie pour un célèbre acteur, Constant Coquelin.

018 Celle que vous croyez / Who You Think I Am
Juliette Binoche, Nicole Garcia
Drama / 101 mins / e / e
Pour espionner son petit-ami, Claire, 50 ans, se fait passer pour une jeune fille sur les réseaux.

019 Dreissig

New Age & Lounge

063 Stevie Wonder
The 1970s’ most dominant and defining artist’s 21-song magnum opus, Songs In The Key Of Life, was the culmination of a frenetic and ambitious creative period. Hits on the album include “I Wish”, which is a paean to his childhood, the romantic but upbeat “Isn’t She Lovely”, and the Duke Ellington tribute “Sir Duke”.
