

## Non-stop Services Between Singapore and the USA

Singapore Airlines currently operates non-stop services between Singapore and Los Angeles, New York (JFK) and San Francisco. Dining options and wellness content developed by Golden Door will be progressively offered on the flights from the USA to Singapore, starting from January 2022.

Flights SQ21 and SQ22 from Newark Liberty International Airport to Singapore, and flights SQ27 and SQ28 between Singapore and Seattle, are currently suspended. Singapore Airlines will continue to be nimble and flexible in adding capacity to meet the growing demand for air travel.

Please note that flights SQ23, SQ37 and SQ33 will operate as [Vaccinated Travel Lane](#) flights from the USA to Singapore. Please refer to the tables below for more details.
